Wie ist es mglich, dass Szenen ausfhrlich beschrieben werden,

die auf die Handlung praktisch keinen Einfluss haben? Mir drngte sich leider der Eindruck auf, man musste noch Seitenmaterial schaffen. Das Buch mag gut sein, als Hintergrundinfo und ein, zwei Lichtblicke auf die Beziehung Nova/Syl Vor werfen, aber eine mitreissende Handlung hat es nicht. Viele Dinge, die fr die kleinen Protagonisten wichtig sind, Schulwechsel, bekamen meiner Meinung nach bermig Gewicht. Wir sind auf Surebleak, wo Kinder streetwise zur Welt kommen.....Selbst wenn am Ende noch etwas in die Luft gejagt wird.... fr mich zu wenig Aktion. Mag sein, dass ich schon zu enttuscht war und es berlesen habe - wo kommen die Bedel nun wirklich her? 0 von 0 Kunden fanden die folgende Rezension hilfreich. Back to Surebleak, new protagonists Von Avid Reader I was a bit surprised to find quite new protagonists. The main one is the very likeable schoolboy son of Nova, transplanted to Surebleak, a new environment for him and his family. The gipsy motif was new too while not everybody's cup of tea, I found it a very enjoyable addition to the series. 0 von 0 Kunden fanden die folgende Rezension hilfreich. really disappointing Von S. Weiden I liked the Theo- stories very much and was waiting for another part - This book was a great disappointment for me - It's boring and I stopped reading it after a third. No action, lots of people I don't know or know anything about .. I hope the next one is better.

Kurzbeschreibung Stirling SF adventure from master storytellers Sharon Lee and Steve Miller #16 in the award-winning Liaden Universe saga. Space ships, action, adventure all tied together with a strong dollop of romance and clan intrigue make this a compelling series for a wide range of readers, from romance to military SF lovers. The kompani see none as an enemy, and yet few as friend. The kompani exist in many places, living quietly in the shadows, thriving off the bounty that others have no wit to secure, nor skill to defend. Their private history is unwritten; their recall rooted in dance and dream. The Clan Korval is in many ways the opposite of the kompani. The interstellar trading clan is wealthy in enemies, fortunate in friends. Korval protects itself with vigor, and teaches even its youngest children the art of war. And when representatives of Clan Korval arrive on the planet Surebleak where the kompani has lived, secret and aloof, the lives of three people intersect Kezzi, apprentice to the kompani's grandmother; Syl Vor, Clan Korval's youngest warrior; and Rys, a man without a world, or a past. Necessity's Child is a standalone adventure in the popular and exciting Liaden Universe. At the publisher's request, this title is sold without DRM (Digital Rights Management). Since then, the husband-and-wife have written dozens of short stories, and eighteen novels, most set in their star-spanning Liaden Universe. Before settling down to the serene and stable life of a science fiction and fantasy writer, Steve was a traveling poet, a rock-band reviewer, reporter, and editor of a string of community newspapers. Sharon, less adventurous, has been an advertising copywriter, copy editor on night-side news at a small city newspaper, reporter, photographer, and book reviewer. Both credit their newspaper experiences with teaching them the finer points of collaboration. Sharon and Steve passionately believe that reading fiction ought to be fun, and that stories are entertainment. Steve and Sharon maintain a web presence at <http://korval.com/>
