My pilot is back and hotter than ever!!Von Sheila73*Needing Him* is the second part of the trilogy that began with *Persuading Him* by Michelle Dare. It is absolutely necessary that you read them in order.Ive been anxiously awaiting this book

ever since finishing the last page of Persuading Him. The story begins at the exact moment the first one ended. Kasi and Radek are happily together but a phone call from Radek's ex Erin starts a whole world of trouble. Considering this is a suspense story as well as an erotic romance I won't give away anything by going into plot detail. We meet two new characters in this story who I immediately adored. Kai and Lee are members of a rock band and have been close friends of Kasi's for years. We discover that there is a past sexual relationship between all three of them at the same time a drunken evening of friends getting a little too intimate. They've all remained friends since and it's revealed to us that Kai doesn't just love Kasi as a dear friend but he is IN love with her. He proves himself to be more concerned about her feelings than his own because he truly just wants her to be happy. The three friends share a tumultuous past that not only tested the strength of their friendship but also resulted in a cherished and deep connection most people don't experience with very many others. I'd be lying if I didn't admit that part of me was hoping that she and Kai might get together. It's not that I don't like Radek, but I felt so bad for poor Kai and his unrequited feelings. Kai was the person in this book who was there for Kasi when she most needed someone to support her. Due to a turn of events I won't reveal here Radek shows a not so pretty side of himself that makes it clear he doesn't trust Kasi like he should and he shatters her heart into a million tiny pieces. Kai and Lee aid her through this devastation, not Radek, instead he caused it to be worse! A lot happened after that and I might've forgiven him but the fact that when she was most vulnerable he was more selfish about his own feelings instead of hers (regardless of what he says to the contrary) is not something I will forget too soon. Kasi and Radek's relationship is tested in many ways and on many levels in this book and since there's still a third to come I know it's not going to be smooth sailing for them just yet. There are still many unanswered questions and I'm afraid that Erin is not out of the picture just yet. We only really hear about how she was dealt with from Radek and I still don't trust him 100%. Sure, he said all the right things, made fantastic awesome love to her while revealing how much he loved her, but I'm not letting it all go that easy. We'll see what happens in the last book. Only then will I know if he's truly the kind of man he says he is. In the meantime I'm more than happy to console Kasi's broken heart since Kasi friend-zoned the poor guy. He's hurting and it's hard to watch without wanting to make it all better. Kasi's right, however, in saying that he deserves someone who will love and adore him with all of her heart and she can't be the one to do that because of her feelings for Radek. Let's not forget to talk about the sex. You all know how much I appreciate good sex in a book and this is definitely one you will need smoke/shower breaks during, maybe a few times! The descriptive details are completely soul-consuming; that's the only way I can think of to define how her written acts of making love involve their bodies, minds and emotions; it's not just a physically described act. I loved this book even more than the first in the series. We get to know who the characters are on the inside so much more than we did before. We even get a good sense of Lee and Kai even though this is the first book they've appeared in. Michelle Dare does a wonderful job of developing her people in a way that makes it feel like a friendship that is developing between them and the reader. You get closer to them the more time you spend with them. I can't wait to read the conclusion of the story in the third installment!

KurzbeschreibungNOTE: The Heiress Series is a continuing saga and must be read in order. Persuading Him (book 1) must be read prior to Needing Him (book 2). This book is not intended to be read as a stand-alone. Can one phone call change everything? For Kasi Markson and Radek Cole, it does. The day Kasi receives a call from an unexpected person, her world shifts. That one call puts into motion a series of events that brings old friends back into her life and opens up a wound she tried hard to bury. Kai Sabata is the lead singer of the rock band Stars and Lies. When he shows up on Kasi's doorstep with his bandmate, Lee, secrets are revealed, relationships are forever changed, and the media has once again focused their attention on her. After all that she has been through, Kasi knows she can't fight the battle alone. Radek is the one man who sets her body aflame and makes her feel loved like never before. His decisions leave her wondering if she truly knows the man she shares her bed and heart with. Will he stand beside her and fight, or leave her when she needs him most?
