KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Kinky and emotionalVon TMSteve and Allistair start out as a one-night hookup during which they discover that they are very

compatible in bed. Steve main focus I life is his job as a negotiator in hostage situations and billionaire Allistair never leaves his penthouse, afraid of the penthouse and people wanting nothing from him but what his money can buy for them. They continue with their hook ups and re negotiating trying something more when a threat to Allistairs life changes things. I liked this book. Enjoyable to read, interesting characters and hot sex with a bit of kink what's not to like? Its not going to be a frequent reread but recommend this for anyone who is looking for an entertaining story with a HEA.
