KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Twins everywhereVon Barbara TsipourasA creepy story about abduction, a serial killer and old family secrets. The parts written from the point of view of the abducted twins it's very suspenseful, but the book is jumping constantly between the different main characters with their different personal conflicts. That's why it isn't as gripping as other thrillers I have read.The writing is good, the characters are all very complex,nearly all of them are twins, there is some graphic violence.Thanks to NetGalley and the publishers for this ARC in exchange for an honest review.
