is a strong and beautiful young lady Sophie Russel. She lost everything within a couple of months. Her father. Her home. Her sisters. Well she didnt lose the sisters but they went off to find the man who probably killed their father. Sophie, a blond spunky short beauty, heads to her former house where the new Dark Viscount Griffith lives, who likes to swim on a regular base in his smalls. Well, maybe Sophie likes to watch him? Anyway, he is a dark person, very straight forward and he lives with his stepmother who he dislikes dearly. In her former home she works as a cook without telling somebody who she is or why she is there. She lets people think that she is Lady Camille, a famous cook. Shes a good cook and the stepmother even believes her. But it isnt that easy because the Viscount also thinks that she is the courtesan he asked and paid for in London. But also the Viscount has secrets. People say that he killed his wife a couple of years ago. And very quickly things get steamier between the cook and the Viscount. A case of mistaken identity!++Its the 3rd part of a series and I havent read 1 or 2 but I didnt feel the need to because everything was explained so perfectly in this story that it felt like a stand-alone. Lets say that this is a very easy read because you get so deep into the story that you get the feeling to stand beside Sophie in the kitchen or sit in her comfortable chair after she got rid of her shoes late at night. And you really have to hate the stepmother dearly. Shes a bitch. I love it. There are some quite funny parts. He blames her for seducing him but obviously it was the other way round. Loved it! Hes a brute but even if she doesnt want to she cares for him in her special way. And her thoughts on his maleness. Priceless! I havent read an Anne Stuart novel before but this wont be the last one. Its very sensual, steamy and simply hot. It wasnt on top of my reading list but somehow, after I stopped reading another novel 30 pages into it because I got bored, I started it and even having a heavy workload at the moment I managed to finish it pretty quickly. Thanks to netgalley for providing me reading material. Also published at: [...] 0 von 0 Kunden fanden die folgende Rezension hilfreich. Nice reading but not so convincing Von Amelia It was nice to read but I liked the other two books more. I think the whole mixing story was so easy to foresee and not believable at all. And I do not like when they are always repeating the same inner monologues. Thats exhausting to read. I was kind of I know please stop telling me the same story over and over. 0 von 0 Kunden fanden die folgende Rezension hilfreich. interessant und kurzweilig Von Isabella Norton Das ist der erste Teil einer Trilogie. Es war interessant zu sehen wie aus einer scheuen Heldin eine zupackende junge Frau wird, die Vertrauen in sich selbst hat. Netter sexy Held
