to read it! Von starbooks! Hlori foster at her best. always wondered what will happen, if noahs wild brother ben (who we met in "too much temptation") will meet the one woman he can't resist? you're in for a treat. when you liked the kind of sensual heat so well described in "too much temptation" you will certainly enjoy reading this. sensual and steamy sex combined with a well written entertaining story, spiced with a good amount of humor. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Nice read for cold days, and hot nights ;) Von Book-Addict To buy this book was a spontaneous idea and I have to say that I don't regret it at all! I try not to give away too much from the story with my review. Ben is definitely hot and he totally knows how to drive women crazy. Although you know how many women he has already had you can't think of him badly because he makes you wish for a guy like him all the time! (You will understand when reading it ;)) Sierra is kind of cute because she is unexperienced and naive. Her struggling with Ben makes you smile and sometimes it was hard not to laugh out loud! ;) I like that this book is written from different points of view so it changes between Sierra and Ben and you get a lot more information this way than you would have otherwise. The only parts I regard as needless were the parts written from Kent's and Brooke's points of view because the poor information you get from those parts aren't really worth it. The author could have spent those pages for more hot scenes between Ben and Sierra and by this I mean REALLY HOT! Ben is the kind of lover all the women dream about (even if they won't admit). Those scenes are totally sizzling and I promise that even if you read it in the coldest of winter you won't need any more heating ;) . So maybe you should have your husband/wife near you to make sure you have someone to share your inspiration with (and to all the men in the world... read this and learn from Ben!!! ;)) I would recommend this book to everyone who wants some entertainment and some light reading stuff. If you search for a profound story it might not be the BEST choice although Sierras story might touch you from time to time! 0 von 0 Kunden fanden die folgende Rezension hilfreich. real good Von -Kundea nice read, really loved it. maybe a little bit too much drama, but for a rainy afternoon just the right read.

Kurzbeschreibung "Foster's pages sizzle." --Christine Feehan "Say YES! to Lori Foster." --Elizabeth Lowell One Chance At Forever Ben Badwin likes his women sexy, wild, and as uninhibited as his desires. Nothing like the brash, dirt-covered, wholesomely cute woman who just strutted into his diner. But something about Sierra Murphy's independent attitude makes Ben's fantasies run wild. . . Sierra doesn't need a man in her life, not even one as tempting as Ben. But the more she keeps her distance, the more he wants her, and the harder it is for Sierra to steer clear of his teasing touches and his enticing eyes. To get him out of her system, Sierra makes a proposition: she'll sleep with him, but for one night only. Now, it's up to Ben to turn one night of pure ecstasy into a passion that never ends. . .
