Promising PrequelVon SiniFis***I received this book in exchange for an honest review from the Author and the Lovers of Paranormal Group on Goodreads.com***After reading Brandy's 'Night Embrace', I knew I had to get my

fingers on her other books and I haven't regretted it yet. I loved 'New Beginnings'. Jess is a psychic werewolf who just wants to open her own bar after making a big mistake. She ends up in Edenton after talking to the Alpha. She doesn't do relationships and especially not with other wereanimals. Slater is Edenton's Alpha and doesn't date. But when he meets Jess their heads don't have the say in it. A great read and a great prequel to Brandy's 'Others of Edenton' series. Now I get most the stories of the characters I met in 'Nights Embrace'. And the best part of it is, it's wrapped up in a sexy story with some ass-kicking females and some hot male wolves. Yum!!

Kurzbeschreibung Sometimes to move forward you need to seek a new beginning. As a psychic, Jess Abrams knew pack life would fall into a downward spiral if she stayed after a drunken mistake. Her alpha was never going to sell her the bar shed managed for years, and sleeping with him only ensured he would treat her worse. Taking life by the reins, she decides on a fresh start. Edenton's Alpha is more than happy to sell the vacant bar to the new werewolf. Years ago Slater lost his first mate. Now he avoids dating his wolves to prevent possible heartache. Their attraction is unexpected and the last thing either wants. Resisting their obvious connection may prove impossible. There's a problem. Someone is plotting against Slater, wanting to take the pack for himself. Hell use anything, or anyone, to achieve his goal.
