teenagers who like their human meat really bloody. After the darkest ending of the thriller Lastnight (Jack Nightingale series Book 5) (English Edition) about Jack, an ex-London-Metro-negotiator and active spiritual PI - I had a bad bad feeling about his career. But Stephen Leather does not leave his "super-natural" fans behind. And where other authors make often too much blood flow, he does very much alone with his special tricks to fuel up Your imaginations. A much better method to create suspense and pure horror nowadays, where we become literally "over-flooded" with pictures of the most cruel kind. OK - Stephen too uses sometimes a good dose of brutality, but with an end, with a real purpose. And this time there are a bunch of the most evil New York Teenagers to send where they rightfully belong: Their bodies 6 Feet under, and their souls in eternal fire, still deeper underground... As always, Stephen Leather is THE master of the occult thriller, for my little self and for all that is worth. For You, You and You there, I do not know - I CANNOT know - because I lack the Supernatural Forces which the author obviously possesses. Or is possessed by... All the same - this thriller is a worthy 7th entry in the Jack-Nightingale series. To be continued??? I fervently hope so! Great writer - great story Von Frank The 7th Nightingale story is as exciting as all the others of him and he has always that little black humor which makes me laugh. Great story and I am already waiting for the 8th :-)) 0 von 0 Kunden fanden die folgende Rezension hilfreich. Super wie immer, musste das Buch in einem Rutsch lesen. Von G. E. Kann es nur jedem empfehlen. Allerdings lese ich ausschließlich die englischen Ausgaben dieser Buchreihe. A musz read for all fans.
