**Von Karen Robards : Night Magic (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Night Magic (English Edition):

Pretty good until . . .Von Ein KundeThis book was pretty good--fast paced, suspenseful, romantic--until the author lapsed into purple prose and contrived conflict. I never really saw a valid reason for the heroine's animosity toward the hero. All the internal and external man-bashing--typical of the Karen Robards novels I've read so far (only 2 to date) makes

me cringe. I felt so sorry for this hero. If a woman begged a man to make love to her and then so brutally rejected him afterwards, he'd likely be devastated. And why? Because \*she\* refused to take responsibility for her part in it! Not the mark of true womanhood or heroism, imo. But I suspect this is an old novel (1980s?) pandering to the editors' calls for angry conflict instead of story conflict. Sigh. Well, I'll read one of her later ones, but if she hasn't evolved with the times, then it'll be my last Karen Robards novel.0 von 1 Kunden fanden die folgende Rezension hilfreich.

ExcellentVon Ann (unicorns@mwr.is)"Night Magic" has just the right blend of humor and danger. Romance writer Clara Winston (with her cat Puff) are mistakenly mixed up with CIA agent Jack McCain who is on the run from the KGB. While Jack is very good looking he's not exactly Prince Charming. I really enjoyed this book. If you give it a try and like it, try Karen Robards "Walking after Midnight" as well.0 von 1 Kunden fanden die folgende Rezension hilfreich. a great read even for non-romance readersVon Ein KundeThis book was the first romance novel I ever read, and I have been hooked by Robards ever since. This book still remains my favorite contemporary romance of all time. Robards writes excellent historical romances, but her contemporary romances with their believable characters are tops. If you like this one, try also her "Wild Orchids" and "To Love A Man".

KurzbeschreibungRomance writer Clara Winston dedicates her newest book to her cat, Puff, without knowing what havoc she is about to unleash on her placid (boring?) life. Because there's a rogue CIA agent out there whose code name is Puff, and some very bad guys want to kill him. When the bad guys show up at mild-mannered Clara's house, thinking that she can lead them to the man they're hunting, she is rescued by that man, disgraced CIA agent Jack McClain. Jack is green-eyed, black-haired, infuriatingly macho and every bit as sexy as the romantic heroes she's always writing about. Clara hates him on sight, but if she wants to survive he is the only game in town. With Puff very reluctantly in tow, they go on the run for their lives, battling each other until the sizzling chemistry between them explodes into red-hot passion. This is a funny, romantic thrill-ride by the New York Times, USA Today and Publishers Weekly bestselling author that Romantic Times called the mistress of sizzling sensuality.NIGHT MAGIC will captivate and delight you. My first book was a ten-page effort written at age five for my grandmother. Throughout grade school, high school and college I wrote for various school publications.
