Force Serie Teil 4 - ich fand's super :) Von Bianca @BJsBB also... natürlich sollte man wie immer bei Serien die ersten 3 Teile lesen: Lie with me, Promises in the dark, In the air tonight und ich würde auch empfehlen die Trilogie zu lesen die davor kam: Hard to hold, Too hot to hold, Hold on tight. Mir hat dieses Buch hier sehr gefallen, ich bin aber nicht unbedingt der 'beste' Mastab :) Ich würde aber sagen wenn euch sexy romantische Krimis gefallen dann ist das hier genau richtig.

2 Ex-Soldaten (Kell Reid) treffen bei einem 'Auftragsmord' in Mexico auf eine junge Dame (Teddie) in Nten - einer verliebt sich in sie... bla bla bla -- aufregende Sachen passieren -- bla bla bla ... ich will ja nicht zu viel erzählen. Mir hat's super gefallen; ich war in 6 Stunden fertig mit Lesen. Was auch noch nett war - die Nebendarsteller: einer der beiden Soldaten (Reid) und eine hübsche US Marshallerin (Grier) die mit LONELY IS THE NIGHT im Mrz 2013 ihre eigene Geschichte bekommen werden :) also wer die ersten Bücher gelesen hat - sollte auch dieses lesen... 1 von 1 Kunden fanden die folgende Rezension hilfreich. I expected more... Von MsBaba4 "The most important thing in life is to learn how to give out love, and to let it come in." - by Morris "Morrie" Schwartz, American sociology professor and author - 3 1/2 stars. Darn, I really want 1/2 stars! This sentence outlines everything so perfectly - how I feel about this book: "And so she walked around Riley's house - it was quite modern, without a lot of personal photographs at all, like a beautiful shell, and Teddie could see why Riley no longer spent time here." Gosh, I am so sorry to admit that I am disappointed. I'm going to state my reasons/problems below. The quote I've chosen fits quite perfectly and it's totally AMBIGUOUS. Kell and his buddy Reid are on a black op mission in Ciudad Juarez, Mexico, to assassinate a villain when they're 'meeting' a woman. The woman is being chased by men in a car. They're able to save her. It's Teddie (Theodora). She's a photographer and videographer and she also worked with UN goodwill ambassadors. But her work was now over for the foreseeable future because she's in witness protection and on the run. Yeah, Teddie is in a hell of a lot of trouble... After the death of her father, stepmother and half sisters, she's put into witness protection because she's the only one who witnessed the murder of her family. The authorities are not able to catch their killers and they believe that her father, a U.S. diplomat living in Khartoum, was the head of a kidnapping ring. Teddie wants to find out the truth and is determined to prove that her father's innocent of any wrongdoing. Therefore, she escapes witness protection and comes to Mexico and meets her father's friend, Samuel Chambers. Teddie believes that he is the guy who framed her father and had her family killed. They meet at a local restaurant for a talk. That's when the men who killed her family enter the restaurant. She panics and runs away - she ends up with Kell and Reid. Kell decides to help Teddie. Night Moves is book 4 in the Shadow Force series. The beginning is superb and then... I don't know but I felt like I got lost somewhere. The book is fast-paced and there's quite a lot of action which I liked a lot! And I loved to see that a few other H/h (especially Dylan and Riley) of previous books had their moment to make an appearance in Night Moves. That was well done. Stephanie Tyler delivers yummylicious guys without end - as usual. Stephanie is one of my favorite authors and I just expect more when I'm reading her books. She's got this cool and detached writing style. Don't get me wrong - I like that. But I was missing something here. I didn't feel the connection to the main couple. I wanted MORE EMOTIONS and I wanted more depth to the story. And to be honest I couldn't feel the love between H/h. It just didn't ring true. The development of their 'relationship' was not good enough. The chemistry was almost non-existent and the sex scenes (sorry, no love scenes here) were lukewarm at best. Kell has quite a lot of baggage to deal with but so has Teddie, and I think when it came down to that part they fit perfectly. Both of them were rather emotionless. Gosh, I want 'Saint' back!!! He's a secondary character of the Hold trilogy and I LOVED this guy! His story is told in Hold on Tight and it was my favorite book by Stephanie Tyler. How can you not love such a man? Yeah, there's really something about regretting bygone times... Night Moves is a stand-alone book but if you'd like to explore more of Stephanie's work, then I'd highly recommend you to read her other books as well - and do it in order. 1 von 1 Kunden fanden die folgende Rezension hilfreich. night moves Von Sabine Siegmund Bis jetzt letztes bzw. 4. Buch der Shadow Force Serie. 1: Lie with me, 2: Promises in the dark, 3: In the air tonight. Alle 4 gefielen mir sehr gut Stephanie Tyler schreibt in ihrem typischen Stil - military background - und das ist nie langweilig. Kann diese Bücher nur empfehlen.

Kurzbeschreibung Anything can happen under the cover of darkness. Kell Roberts has walked the thin line between life and death for so long that it now feels like home. He is a soldier, a survivor, and a loner. Still, Kell cannot turn his back on the beautiful woman caught in his firefight against the drug lords of Mexico. She says her name is Teddie, but Kell senses there's much more to her story and it's about to pull him into a mission he didn't sign on for: keeping her alive. Teddie knows this lean, mean rescuer just saved her life, but the steel glint behind those soft gray eyes seem to be hiding something deep. The men after Teddie are deadly, but the man who holds her life in his hands and tempts her with his wicked touch is even more dangerous. He could make her dream about living and loving again. And if they can survive, maybe, just maybe, they can stop fighting the world and each other and simply surrender. From the Paperback edition.
