Von Cherry Adair : Night Shadow: A Novel (T-FLAC Psi Unit: Night Trilogy) before purchasing it in order to gage whether or not it would be worth my time, and all praised Night Shadow: A Novel (T-FLAC Psi Unit: Night Trilogy):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Good read.Von Detra FitchAlexis "Lexi" Stone has finally gotten out of the Accounting department and into the field. Being a T-FLAC operative is dangerous, but Lexi has yearned for the day she would work in a black op. Even though Lexi

has no powers, she is now working with the psi unit. The Wizard Council wants to know if one of their top wizards, Alexander "Alex" Stone, has become a traitor. (Same last name, but no relation.) Alex cannot believe that Lexi has been recruited and is now an operative. Though she has absolutely zero experience, Lexi has become involved in one of T-FLAC's deadliest missions. Alex is determined to keep the lady safe. Easier said than done. Alex's powers have been fluctuating lately. If his powers falter at an inopportune moment, both of them would perish. Protocol is to report his power troubles, but Alex feels that his abilities are needed too much right now. Several groups of terrorists "Tangos" have been taking hostages, demanding ransoms, and then releasing LZ17 (killing themselves and all the hostages) long before the given deadline. The numbers of the Tangos seem to be endless. The Tangos are appearing all over the globe, targeting no one country.*** THREE STARS! I had a hard time keeping the two main characters separated in my head. The names Alexis and Alexander both have "Alex" in them. As for the nickname of "Lexi", that small letter "i" is easily overlooked. (The same last name gave me no trouble at all.) Other than the two main characters having nicknames and first names WAY too similar, I found this story to be very good. The plot builds slowly at first, but if you read closely you can figure out the Who and Why long before the operatives do. Well worth your time and money to read. ***Reviewed by Detra Fitch of Huntress Reviews.0 von 0 Kunden fanden die folgende Rezension hilfreich. Strangely-paced paranormalVon Helen Hancox'Night Shadow' is the first of this series that I have read although there were clearly several previous books in the series. I'm not sure if it's the author's writing style or if the previous books contained information relevant to this one that wasn't repeated, but at times I was very confused as to what was happening. The heroine, Lexi Stone, is a T-FLAC operative (I am still not sure what T-FLAC is or what it stands for) on her first mission when things start to go wrong. She's teamed up with a wizard with the confusingly similar name Alex Stone and desperate to prove she can be a good operative, despite having previously worked in a back-room office function. However when various terrorists threaten groups of people spread widely around the globe, and the terrorists all look like a younger Alex Stone, it's clear there's something very strange going on. The action is fast in this story with Lexi and Alex travelling from Taiwan to Russia to Los Alamos to Berlin in the blink of an eye. They are following a trail which leads them to suspect an army of clones is being created but I was never entirely sure how they made the leaps of imagination that they did. The romance aspect of the story was perfunctory and rather uninspiring and the complexity of the plot, where I always felt I didn't have enough information (and neither did they) to make the deductions that were made, resulted in the book being rather unsatisfactory. Some heroes/heroines of previous books were brought in towards the end but they didn't add much overall to the story and I felt my attention wandering.Originally published for Curled Up With A Good Book Helen Hancox 20090 von 0 Kunden fanden die folgende Rezension hilfreich. Good story!Von StephanieAlex Stone is a T-FLAC agent who is on the search for a terrorist wizard who is causing havoc all over the world. Lexi Stone works in the Internal Affairs division of T-FLAC and her mission is to find proof that Alex is a traitor to the organization. When they are forced to work together on a mission in Moscow that involves a massacre at a train station they discover they also have to fight their rising attraction to each other. Night Shadow is a great conclusion to this three-book trilogy inside of Cherry Adair's T-FLAC series. I would definitely recommend this and any of Cherry's book. You won't be disappointed!

KurzbeschreibungThe passion and suspense of Cherry Adair's latest killer trilogy, begun in Night Fall and continued in Night Secrets, now reaches its explosive conclusion in Night Shadow, as mismatched international agents take on evil head-to-head and each other heart-to-heart. Aside from working for the international anti-terrorism agency T-FLAC (and having the same last name), Lexi Stone and Alex Stone are polar opposites, right down to Lexi's mere mortality and Alex's paranormal powers. While straight-arrow Lexi pushes paper at an Internal Affairs desk, renegade Alex is busy pushing the envelope as he pursues the most dangerous global criminals. And though Lexi disdains his rule-breaking bravado and cowboy tactics, she can't deny Alex's skills when it comes to getting his man (not to mention any number of women) just as she can't ignore how his roguish charm makes her heart race and her temperature rise. But Lexi's secret desires clash head-on with her duties when suspicions arise that Alex is poised to switch sides and join forces with a European terrorist cell. Tapped for her first field mission, Lexi finds herself assigned to shadow Alex every move, and if necessary, terminate him. Despite her feelings, Lexi is willing and able to carry out her orders, as long as there's proof that Alex is a traitor. But getting the goods and the drop on her superagent quarry becomes an even tougher task when Lexi and Alex suddenly find themselves partners on an emergency mission in Russia. When terrorists seize a busy Moscow railway station for ransom, then abruptly massacre their hostages and vanish into thin air, the agents realize they're facing adversaries possessing of the same paranormal abilities as Alex's elite T-FLAC/psi unit. But after Lexi kills an armed suspect during a breathless rooftop chase, she makes a series of shocking discoveries about the enemy T-FLAC is facing, the troubling truth Alex has been concealing, and the terrifying plot of a treacherous mastermind that could spell the downfall of T-FLAC's most powerful and valued operatives. To save precious lives and stop the rise of a superhuman terrorist threat, Lexi and Alex must work as a well-oiled team in a race across the globe and against time with lethal shadows looming behind them, and no one to trust but each

other. From the Hardcover edition. *Pressestimmen* White Heat Humor, sizzling sex and pulse-pounding danger add up to high-octane reading. *Romantic Times* No one does hot romance, ice-cold villains, and nonstop adventure better. *Mariah Stewart* A steamy fusion of romance and heart-stopping suspense. *Publishers Weekly* Hot Ice A relentless page-turner with plenty of enticing plot twists and turns. *Seattle Post-Intelligencer* [A] fast-paced and intricately plotted tale of danger, deception, and desire that is perfect for readers who like their romantic suspense adrenaline-rich and sizzingly sexy. *Booklist* A very sexy adventure that offers nonstop, continent-hopping action from start to finish. *Library Journal* *Kurzbeschreibung* The passion and suspense of Cherry Adairs latest killer trilogy, begun in *Night Fall* and continued in *Night Secrets*, now reaches its explosive conclusion in *Night Shadow*, as mismatched international agents take on evil head-to-head and each other heart-to-heart.
