sister-in-law recommended I read "Night Song" and I was hesitant to because I just couldn't see a Black historical romance being believable. Well, "Night Song" quickly disabused me of that notion! Night Song was so believable that after I read it the first time (yes, I have read it several times since)I couldn't even remember the heroine's name! I had unconsciously inserted my name whenever Cara's was used so I could be the one Chase Jefferson lavished all of his passions. I've never wanted to go back in time before, but I would to find me a Buffalo soldier. Chase is the man! This book has made it to every female member of my family and most of my friends. I HIGHLY recommend this book!!!0 von 0 Kunden fanden die folgende Rezension hilfreich. Deep, turbulent love story, with many ghosts....Von Ein KundeI was riveted from the get-go, drawn into the romantic legends of our "Buffalo soldiers", the fate of our first teachers and this hot-cold, rocky romance. How they came to marry was chilling, and it was torturous as Chase and Cara worked through the demons in their relationship and the outside forces as well (I even read it with my fingers crossed!!!). It is a wonderful first novel, and IT'S ABOUT TIME we see some strong SISTERS in romances for a change. Thank you Beverly, for watering that dry wasteland in the historical department!!! I have never read anything printed by Beverly Jenkins, but now that I have, I recommend her to everyone. I could not put the book down, it was a lesson in history as well as a great romance story. Ms. Jenkins did an excellent job in creating the characters of Chase of Cara Lee. I went to the library to get all the books by this author. I will be adding her to my list of favorite authors.
