Von Elizabeth Peters : Night Train to Memphis (Vicky Bliss Mysteries) (English Edition) before purchasing it in

order to gage whether or not it would be worth my time, and all praised Night Train to Memphis (Vicky Bliss Mysteries) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. And you have to love John Smythe!!!Von Ein KundeOf all of the books in the Vicky Bliss series, I would have to say that "Night Train to Memphis" is my favorite. Not only do we learn more about Vicky and John's true feelings about one another (finally!!!), but most of the story is set in Egypt! Elizabeth Peters is a master at winding historical fact into her novels, and "Night Train" is certainly no exception. Her knowledge of Egyptology is displayed throughout the novel--but reading it feels nothing like a history lesson! It's more like a vacation! In fact, I could not put it down until I was sure Vicky, John, and Schmidt made it through their adventure unharmed (or do they...)! Oh, and for serious fans of Ms. Peters...have you noticed yet that John Smythe and his mother appeared in another book far before they showed up in the Vicky Bliss series? Check out "The Camelot Caper"... :)0 von 0 Kunden fanden die folgende Rezension hilfreich. The Best Book of Elizabeth Peters!Von CraigThis book is an amazing mystery. I am a hopeless romantic, which makes it all the better. But for those of you aren't that into romance, don't worry. It's not only appealing to those of us who feed of romance. It also has a VERY intricate plot that must have used a very tight plot outline. Vicky is a delightful heroine: clever, beautiful, stubborn and perfect for John. John is the romantic crook who is- was- in love with Vicky. Vicky is in love with John and he was supposed to contact her every so often. Vicky is worried or should I say panicked about John; he hasn't contacted her in 6 weeks. Vicky is then asked to go on an Egyptian cruise to discover the criminals involved in a plot that I will not go into. When Vicky sees John on board, she knows instantly who the crooks must be. To her horror, she finds out that John is married to a cute bubbly young woman named Mary. When Vicky's nosy boss, Schmidt joins the cruise, Vicky is very annoyed. Schmidt though, may be more helpful than everyone thinks. I know that I am writing a review, not a summary, so I will go back to that. Schmidt is a lovable old man, a classic character. Vicky, on the other hand, beautiful as she is, actually makes you feel sorry for her for being beautiful. John would be a wonderful character, if it had been told from someone else's point of view. But Vicky is unforgivably furious with him throughout most of the book. Other characters may be much more than they seem- Feisal, the handsome guide, Sweet and Bright, who Vicky discovers are her security, the unsociable German urologist. I am not in any way saying that these characters are necessarily special, for indeed some of them are not and others that are not mentioned definitely are very evil or very good. You would never guess who they are until Elizabeth Peters reveals it- Vicky's impressions are so fixed. Anyhow, all I'm saying is if you don't read this thriller, you're missing out on one of the greatest books of all time. Ages 13+ up0 von 0 Kunden fanden die folgende Rezension hilfreich. A fantastic book!Von sears990@cottey.eduHaving long been a fan of Elizabeth Peters, I was ecstatic when "Night Train to Memphis", the fifth book in her Vicky Bliss series came out. A continuation of the adventures of Doctor Vicky Bliss, a museum worker in Munich, this book follows her on a cruise down the Nile, takes her all over the Egyptian countryside, and finally ends where it started --- in Vicky's German apartment. Along the way, several recurring characters show up, including old friends and villains, the irrepressible Schmidt, and of course, Sir John Smythe; the quintessential gentleman thief and Vicky's sometimes lover. This time however, there is a small complication affecting their relationship, which leads to the miscommunication, misinterpreted signals, and missed chances that characterize Peter's books ---- and make them some of the most enjoyable mysteries on the market. The insults are quick, the Egyptology casual and comprehensive, and country music references abound. This is a wonderful book, featuring yet another strong, smart, feminist heroine, who never crosses the line from aggressive to unlikable. While "Night Train to Memphis" can definitely stand alone, I would also recommend the first couple of books about Vicky, "Borrower of the Night", "The Street of Five Moons", "Sillhouette in Scarlet", and "Trojan Gold".

KurzbeschreibungAn assistant curator of Munich's National Museum, Vicky Bliss is no expert on Egypt, but she does have a Ph.D. in solving crimes. So when an intelligence agency offers her a luxury Nile cruise if she'll help solve a murder and stop a heist of Egyptian antiquities, all 5'11" of her takes the plunge. Vicky suspects the authorities really want her to lead them to her missing lover, the art thief and master of disguises she knows only as "Sir John Smythe." And right in the shadow of the Sphinx she spots him. . . with his new flame. Vicky is so furious at this romantic stab-in-the-back, not to mention the sudden arrival of her meddling boss, Herr Dr. Schmidt, that she may overlook a danger as old as the pharaohs and as unchanging. . . a criminal who hides behind a mask of charm while moving in for the kill.PressestimmenI really do think Elizabeth Peters' books are great entertainment. (Angela Rippon)The well woven plot and exotic atmosphere couldn't be much better - it will delight her fans. (Library Journal)WerbetextFrustrated love, stolen antiquities and murder on the Nile, in the fifth Vicky Bliss mystery from the bestselling Elizabeth Peters.
