**Von Juliette Cross : Nightbloom (Nightwing series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Nightbloom (Nightwing series):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. another good book in this seriesVon ClaudiaFirst of all, I have to say, I loved all the books by Juliette Cross in this series so far, so my expectations where quite high ... but Juliette Cross did it again and although this is a novella (and I normally hate novellas) I was captivated by this book and especially Paxton.Ella best friend with Jessen and Sorcha and we have

seen her in the previous books - she is very timid in her appearance and hides herself well behind a very conformed facade. Her boyfriend is exactly as society would expect but not really what she wants. but as she doesn't believe in finding what her friends found with their mates, security and stability is what she expects. I really liked the characters - Ella and Paxton, both have their own expectations and confirm themselves to societies standards but both have also their secrets. this story was really good and it improves in every thing which annoyed me a bit in the first two books. The relationship development was quite fast but really, really well done and I enjoyed their interactions immensely. I would have loved to see more of Jessen and Sorcha with their mates - as they are best friend with Ella, it would have made sense. All in all, I really liked this book and can't wait for the next one in this world-building

**Kurzbeschreibung** The love between a human and a Morgon, the dragon-hybrid race, tempts fate once more All her life, Ella Barrow has allowed others to make her decisions. Forced to stifle her artistic talents and stay in a loveless relationship with Clayton Kerrington, the man her mother believes to be her perfect match, Ella's life may be safe but it's not her own. Paxton Nightwing, on the other hand, is anything but the safe choice. A charming and alluring Morgon, Paxton sees Ella for the woman she truly is. His bold confidence and protective nature ignites a passion she's never felt before. But a dark family tragedy forces their secrecy until Clayton makes it impossible to hide their clandestine affair. Will Ella be strong enough to fight for herself at last? Or will she succumb once more and risk losing the only man she's ever loved?
