Hell yeaVon MaxineStuartIch bin mehr oder weniger zufllig ber No Easy Hope gestolpert.Weil Mr. Cook ja ein Selfpublished Writer ist, habe ich mir erstmal die Leseprobe runtergeladen und hineingelesen. Erik war mir vom ersten Moment an sympathisch und auch Schreibstil und Wortwahl haben mir sehr gut gefallen. Ich habe das Buch auf einen

Rutsch durchgelesen (hey, Schlaf wird bewertet) und ich werde die anderen Bücher der Serie sicher auch kaufen! Ein klares Ja! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Rare exception Von Vovchara One thing up front: it's not a typical book about idiots surviving by the smallest margins doing stupid stuff. It's also not a book about bad bad government/Chinese conspiracy. And not about white trash living on the bunker because of bad bad world out to get him. No, It's refreshingly logical tale about surviving an apocalypse, about refreshingly sane protagonists who, although building said bunker, had a real reason to do so. I really liked characters, they are real people, who having their flaws still trying to do good. People complaining about level of detail when it comes to armament. But sorry, in my opinion knowing what kind of gun they use is vitally important to understand the situation. There is a world of difference between SCAR-L and SCAR-H. P90 or MP5. And avoiding to describe it is not a sign for quality in a novel. This is also one of very few apocalypse books where author do not mix clip with magazine. There are no jump scares here, Because thinking human being have to be damn stupid to be surprised by shambling moronic zombies. And although there is an invasion scenario later in the series. But it was described the way it freaking made sense. All in all very rare species of apocalypse books. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Zombies, Zombies, Zombies Von Frank Boehmer habe jetzt schon so viele davon gelesen, so viele gesehen, dass ich nicht Neues mehr erwartet habe und tatsächlich: alles, was vorkommt, wurde so oder ähnlich schon mal geschrieben, gedacht und verfilmt. Trotzdem ein spannendes Buch, flüssig geschrieben, locker erzählt und von der Logik her ziemlich sauber durchdacht. Vielleicht ein bisschen viel Waffengerede ("nehme jetzt die AK4751 und die ZX2145 mit dem Silencer, dazu .543mm Munition im Tausenderpack und für die Ferne eine YYPBK1013"), das mag was für die Fans von Battlefield, Deus Ex oder Halo sein, ich hab's einfach überlesen. Aber wer ein einfaches, spannendes Buch für die Ferien sucht, wem das Genre gefällt, der kann nichts wirklich falsch damit machen.

Kurzbeschreibung Eric Riordan was once a wealthy man leading a comfortable, easy life. Until one day his oldest friend, a Marine Corps veteran and a former mercenary, told him how the world was going to end. He did his best to prepare. He thought he was ready for anything. He was wrong. As the dead rise up to devour the living, one man finds himself struggling to survive in the ruins of a shattered world. Alone, isolated, and facing starvation, his only chance is to flee to the Appalachians and join forces with Gabriel. But the journey will not be easy, and along the way his humanity, his will to live, and his very soul will be tested. This is the beginning. This is his story.
