KurzbeschreibungA hostage situation places Americas most powerful political elite at the mercy of its worst enemies in this Pike Logan thriller from New York Times bestselling author Brad Taylor. When veteran operator Pike Logan and partner Jennifer Cahill receive a letter from the umbrella cover company for their real employer, a top secret counterterrorist unit called the Taskforce they expect orders for their next mission. Instead, they learn that their latest actions have gotten them fired, despite having saved thousands of innocent lives. Pikes shock and fury is redirected when their commander, Colonel Kurt Hale, asks him and Jennifer for help with a personal matter: His niece Kylie, an exchange student in England, has gone missing. Neither Pike nor Jennifer understands how critical her disappearance will become. Meanwhile, all Taskforce teams have been redirected to a developing situation. A terrorist organization has targeted military relatives of key members of the US government, including the vice presidents son. Now theyre faced with a terrible choice: cease counter-terrorist operations, or watch hostages die one by one. How much is a single life worth?
