 Von Customer  
 ich hab lang auf das buch gewartet und mich sehr gefreut, als es endlich in der post war. und ich wurde in meiner erwartung nicht getuscht. schon die vorangehenden teile waren einfach super geschrieben. spannend, flssig, packend.. man mag die bcher einfach nicht mehr weg legen und ich hab mir mit jedem einzelnen die nacht verkrzt, so dass ich am morgen wie einer der zombies wirkte, die in den bchern erwht werden... aber jedes einzelne war es wert.und auch dieses buch besttigt diese meinung erneut. spa und spannung gleich zu beginn des buches, schon nach den ersten stzen ist man mitten im geschehen und fragt sich wie es wohl weitergehen wird, was genau das alles zu bedeuten hat und was am ende stehen wird. ich muss zugeben, ich war schon wegen der vorangehenden bcher und einer kleinen aufgebauten story versucht, mir die letzten seiten zuerst anzusehen, konnte mich aber abhalten. gut so.ein must read fr jeden kelley armstrong fan...und wer sich jetzt fragt, warum ich nichts zur story sage... tja... wr doch schade drum. selber lesen und spa haben ;)top buch, ich hoffe auf mehr.

 Von Helen Hancox  
 This book is another episode in Kelley Armstrong's acclaimed "Women of the Otherworld Series" and features Jaime Vegas, a necromancer TV star whose stardom might be waning as she approaches middle age. When given the chance for a shot at a new TV pilot staying in a house with two other spiritualists and trying to find out what happened to the house's former owner, Jaime takes the opportunity, not realising that more has gone on in the house than anyone yet knows.Jaime finds that there are more spirits present than the other spiritualists realise - spirits that can't seem to speak directly to Jaime, as others can, but who let her know they are there. She decides it's important to find out who they are and enlists Jeremy, Alpha of the wolf pack and someone she's interested in, to help her. Jaime also seems to go off half-cocked on her own much of the time and has to be rescued by various spirits as well as witches and other people. But she and Jeremy begin to uncover a very sinister series of events which involve child sacrifice and people discovering powers that they really shouldn't have.Many characters in Armstrong's previous novels appear in this one, including Hope Adams who is the heroine of the next novel, "Personal Demon". However it isn't necessary to have read the others in the series to follow events in this book. Fans of Armstrong will no doubt enjoy the book but this reader felt that at times it was rather aimless, the background story of the TV show seemed incompletely drawn and the whole plot wasn't as tight as the author can write. It was, however, a good read and had an interesting angle on the challenges for an older woman who seeks to find a new place in the world as her career is ending.Originally published for Curled Up With A Good Book, curledup.com

 Von Darcia  
 This is one of the best books I ever read; Kelley Armstrong is one of my favourite writers! I'm from Germany and I understood everything,so if you're interested in the "Otherworld" this book is a "Must-Read"!!!

Kurzbeschreibung  
 In her acclaimed Women of the Otherworld series, bestselling author Kelley Armstrong creates a present day in which humans unwittingly coexist with werewolves, witches, and other supernatural beings. Now, in this spellbinding new novel, a beautiful necromancer who can see ghosts must come to terms with her power and with an evil she never thought possible.Its the most anticipated reality television event of the season: three spiritualists gathered together in one house to raise the ghost of Marilyn Monroe. For celebrity medium Jaime Vegas, it is to be her swan song on her last publicity blast for a celebrity on the wrong side of forty. But unlike her colleagues, who are more show than substance, Jaime is the real thing. Reluctant to upstage her fellow spiritualists, Jaime tries to suppress her talents, as she has done her entire life. But there is something lurking in the maze of gardens behind the house: a spirit without a voice. And it won't let go until somehow Jaime hears its terrible story. For the first time in her life, Jaime Vegas understands what humans mean when they say they are haunted. Distraught, Jaime looks to fellow supernatural Jeremy Danvers for help.As the touches and whispers from the garden grow more frantic, Jaime and Jeremy embark on an investigation into a Los Angeles underworld of black magic and ritual sacrifice. When events culminate in a psychic showdown, Jaime must use the darkest power she has to defeat a shocking enemy whose malicious force comes from the last realm she expected. . . .In a world whose surface resembles our own, Kelley Armstrong delivers a stunning alternate reality, one where beings of the imagination live, love, and fight a never-ending battle between good and evil.From the Hardcover edition.  
 From Publishers Weekly  
 In Armstrong's assured seventh Otherworld paranormal romance, her first in hardcover (after Broken), pretty Jaime Vegas, a 44-year-old necromancer who can reanimate the dead, faces her biggest career challenge yet: freeing the trapped ghosts of six murdered children. Thankfully, Jeremy Danvers, Jaime's hunky and very Alpha werewolf boyfriend, tags along for this hair-raising ride. Jaime, who has made a living on stage and off by her ghost-whispering skills, is in L.A. as one of three celebrity mediums participating in Death of Innocence, a TV special that hopes "to raise the ghost of Marilyn Monroe," but instead uncovers a serial-killing cult intent on man-made black magic. Seeking justice for the lost children and punishing the dark arts practitioners don't prevent Jaime and Jeremy from finding time for love. Armstrong deftly juggles such creatures as werewolves, witches, demons and ghosts with real-life issues. The only disappointment? Marilyn's ghost never shows. BooklistFortysomething Jaime Vegas is a sexy, redheaded celebrity medium on the threshold of a spiritualist's dream: her own TV show. She is one of three professional psychics brought to a haunted site for a reality TV show and charged with raising the ghost of Marilyn Monroe. Obviously, this is Jaime's shot at stardom. Her costars are drawling, up-and-coming starlet medium Angelique and UK satanic specialist Bradford Grady, and watching the three one-up each other as they jockey for prime position, even during a warm-up seance, is good show-biz comedy. Jaime knows and uses a psychic's two primary tools, knowledge (prior facts) and statistical probability, but everything depends on her authentic, natural necromantic gifts. But when she finds spirits in the site's garden with whom she cannot commune despite her superpowerful silver ring, she fears she's out of her league (she's not wrong) and flies to Portland for help. Paranormal and show-business power struggles make for hard-to-put-down entertainment. Whitney ScottCopyright American Library Association. All rights reserved
