Book 1 in an amazingly beautiful sexy new Romance series...Von Bianca @BJSBBWe all remember Cannon Yvette from the Love Undercover Series. And we all fell hopelessly in love with him. He was the young sexy mysterious

neighborhood-watchman who tried to help wherever help was needed. And Yvette was the girl who had a mad crush on him - and he liked her too, but she was just too young and too broken after everything that happened. And then she left for California. But he never forgot her these last three years. Now they're all grown up!!!! Cannon is a famous Mixed Martial Arts Fighter and he's still running the rec center in town, together with his fighting buddies Gage, Armie, Denver Stack.... And Yvette is back in town too. Because her grandfather died recently and left her his house, his closed-down pawn shop and lots more. But he didn't leave it all to her - half of everything goes to Cannon. Probably her grandfather's way of making sure those two can heal each other and will one day end up together. Even though 90% of the town's female population is throwing themselves at Cannon, he only has eyes for the girl that got away three years ago. But she was hurt pretty bad back then, physically, but even more inside. And he knows he'll have to be careful with her - not spook her into running away again. He wants her to stay in town. He just wants her, period. And of course Yvette wants him too - who could resist this amazing piece of male perfection?" He had an athlete's body, a fighter's strength and an angel's heart - all wrapped up in gorgeous good looks. "But she thinks she's somehow broken Then we have the little side stories of our future book's characters - like the amazingly funny Armie - who might or might not have a thing for Cannon's sister Merissa. And then there's Denver, who might or might not be interested in Merissa's roommate Cherry. But of course the main focus is on Cannon Yvette. And if their past experiences weren't enough of a problem between them, there's also Yvette's horrible ex Heath.... he'll be making some problems for our new couple.... And he's not the only problem they have to face.... WHAT WILL HAPPEN TO YVETTE CANNON??? WILL THE TWO OF THEM GET THEIR HEA??? WILL THERE BE A CLIFFHANGER?? I'm not telling you that of course _____ SUCH AN AMAZING BOOK!!!! When you read the prequel to this new series: **HARD KNOCKS**, then you already know about all the guys at the gym. And of course we all can't help but remember Cannon! Ugh!! I LOVED HIS STORY! Back when I read about him for the first time in the Love Undercover Series I was soooo hoping that Lori would one day give him his own story - and now here he is. And whoa he is sooo amazing!!! I just totally loved this book. It starts out so sweet and innocent and adorable, as they get to know each other again. But Cannon just can't help himself - he has to up his seducing a little bit and it's sooo sexy and hot and grrrr... I loved it! Add a little suspense and the amazing side-cast - mostly in the form of Armie - and this was an amazing sexy Romance novel! Oh and I almost forgot to mention that we meet our darling hot bar boy Rowdy again!!!! And Logan Dash Margo too!! It isn't your typical fighter story - if you were expecting something like **REAL** or **Beautiful Disaster** - not much fighting going on here - but I didn't miss that at all!!! The story and the people in it everything is so adorable and cute you can't help but love the book! The most adorable thing is to see all those big bad fighters falling for their girls one after the other **NO LIMITS** - was an amazingly beautiful sexy Romance! You'll love it!!!! I WOULD SOOO LOVE IT if someone would make a movie/tv-series out of this book - just so we could stare and fangirl at Cannon all day long!!!! Now I can't wait for the other books in this series!!!! **HOLDING STRONG** will be book #2 - coming April 2015 It will be Denver Cherry's story!!!! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Not my favorite of Lori Foster's works, but a good start to a new series **Von The Book Rogue** Oh, now I know where this branches out from -- I so have to catch up on the Love Undercover series! But I have to catch up with her books in general, so let's not mind that. However, as I already know how she rolls, I have certain expectations regarding characters and plot, and **No Limits** didn't meet them all. Cannon was as heroic as expected, had even better manners, but wasn't the naughtiest of the bunch. That's not necessarily a bad thing! I liked him just fine this way. => However, Yvette was a little too caught up in her trying to prove that she could manage on her own -- even though it was clear she couldn't. That was okay, no woman should have to handle an psychotic ex on their own. But she was the type that can't admit they need help, and those just annoy me to no end. So she wanted to move on from a traumatic past, fine. However, I believe that not admitting you need help, or not asking for it, is an even greater sign of weakness than needing help in the first place. Thus, Yvette peeved me quite some, but I don't expect to like every single pairing Foster comes up with. That's unrealistic. So yeah -- those two are certainly not my favorites, but I'm still going to continue the series. Contrary to that disappointment, I was very delighted to realize Foster didn't start slow with just one pairing this time, adding characters with every installment, but instead introduced them pretty much all in this first book. Some are even more involved than a mere mentioning of the name -- it makes me really excited to pick up their stories! Furthermore, it makes me hope that she won't be simply jumping into the new pairing with the next installment, but keep the previous characters close to the plot again. I love this feeling of family. => Lastly, I thought this was pretty lengthy. It could've done with a little less inner monologue about insecurities here and there, but the action twist was nicely done as always, although it did rain on Cannon's hero parade a bit if you think about it. The smut was pretty good and a bit more than usual, I dare say, and if that's where more pages come from, I surely don't mind. ;) Overall: If you love Lori Foster's writing and her characters, or just a nice contemporary adult romance with lots of yummy Alphas and their "mates" to fall in love with, hot sex, and a good dose of conspiracy and action, go grab! The **Ultimate** series is definitively spot on her style, and she's always making me laugh and tingle. *fangirls* Area Scan: Flow: 4/5 -- Vocab: 5/5 -- Plot: 5/5 -- Heroes: 3/5 -- Sidekicks: 5/5 --
