is the fourth instalment of K.A. Merikan's Sex Mayhem series - and my first foray into their stories about outlaw bikers. We meet Ghost, not a member of the Coffin Nails MC, but a hangaround and son of an active member, a former doctor, and currently madly in love. Five years ago, he met the love of his life online: Zara, a then 16-year-old girl, living in Italy with an abusive boyfriend. After five years of chatting and more, where Zara never showed herself over a webcam, she finally spends a few days in New York. Ghost drives all the way from Detroit to pay her a surprise visit, propose to her, and sweep her away (yeah, talk about creepy...)*. But as it turns out, Zara is in fact Luca and a boy. A very beautiful boy, but a boy nonetheless. And abusive, mobster drug-lord boyfriend is right at his side. But Ghost makes the decision to save Luca despite his lies after all, he's still the same person he fell for, isn't he? No Matter What deals with outlaw bikers and Italian mobsters, pandering to each and every stereotype you might associate with these themes; maybe except the fact that some of the bikers and the mobsters are gay. The drug-lords are evil-evil, there's some rather unnecessary violence, the bikers do some shady biker stuff same old, same old. And I don't even want to start about Ghost's blatant and annoying sexism. Now, if you read outlaw biker MC stories, you might expect or even want some stereotypes. Nevertheless, I had hoped for something a bit more original, maybe. Also, suspension of disbelief is absolutely necessary here: Ghost is remarkable naive for someone who grew up as the son of a long term MC member, while Luca's mobster boyfriend kept his boytoy trained at shooting and kickboxing, and apparently paid for kick-ass English lessons as well. What I liked was how the developing relationship between Ghost and Luca was handled. It's not a GFY story: Ghost is bisexual, but had never acted on it. He's determined to learn how to live with Luca although that leads to rather painful confrontations with his father and his fellow bikers. Luca was the mobster's property since he was 15; he's never been with another man. Both have a lot to discover, and that is described in a very sensual way. Luca must also overcome his past abuse and learn to trust Ghost. And both have to learn to take their online relationship into Real Life and make it work under very different circumstances. All of that was shown quite well. But overall the writing was rather repetitive. I got that Luca was beautiful and had oh so sexy fat lips (pet peeve alert!), that Ghost was pale and flushed so very prettily about the first three or four times it was mentioned. No need repeating it over and over again. It was my first book by K.A. Merikan and I'm glad that the DBML program gave me the opportunity to read and review. If only to find out that Motorcycle Club stories might not be my thing :D von 0 Kunden fanden die folgende Rezension hilfreich. Merikan is the pen name for Kat and Agnes Merikan, a team of writers, who are taken for sisters

with surprising regularity. Kats the mean sergeant and survival specialist of the duo, never hesitating to kick Agness ass when shes slacking off. Her memory works like an easy-access catalogue, which allows her to keep up with both book details and social media. Also works as the emergency GPS. Agnes is the Merikan nitpicker, usually found busy with formatting and research. Her attention tends to be scattered, and despite pushing thirty, she needs to apply makeup to buy alcohol. Self-proclaimed queen of the roads. They love the weird and wonderful, stepping out of the box, and bending stereotypes both in life and books. When you pick up a Merikan book, theres one thing you can be sure of it will be full of surprises.
