Von Sherrilyn Kenyon : No Mercy (Dark-Hunter World Book 20) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised No Mercy (Dark-Hunter World Book 20) (English Edition):

Kurzbeschreibung Shapeshifter Dev Peltier thought he knew it all. But one night when a Dark-Hunter, who is also an official member of the Dogs of War, sashays into his bar, he realises that he might have met his match. Samia, aka Sam, was one the fiercest warriors in her tribe. But an act of brutal betrayal made her a Dark-Hunter and she's been angry ever since. Live fast, fight hard and enjoy the night. That's her credo. But as old enemies and new move into New Orleans, she realises that Dev just might be the only hope she and mankind have to save the world.

Pressestimmen Graham keeps up with the fast pace of this book and uses his acting experience to bring the characters to life, even the dead ones! SFCrowsNest.com Its rare to listen to an audiobook in which one speaker handles the range from macho male to vulnerable female roles so well... Fans will revel in No Mercy, especially this audiobook version that accentuates the amusing dialogue between Dev and Sam. BookLoons.com Listening to this audio of the book No Mercy was a very captivating way to enjoy this series. The narrator [gave] life to one of the favorite shifters in this series and [gave] him the extra spark of humor and sensuality that you do not get at times while reading the print.

Holter Graham did a great job at bringing not only Dev to life but Sam and the other Dark hunter characters as well. If you havent tried listening to an audio book before and are a fan of the series, I would seriously recommend trying this one out. Bitten by Books
