Von David Young : No Problem Girl (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised No Problem Girl (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Just another Thailand Bar-Girl Novel?Von Miki101.Micha Do we really need another of these stories, Thai-girl/Farang-man?Maybe doomed from the beginning to a bitter ending?And I say: Yes, we do need THIS specific Bar-Girl novel.Because it is different from the beginning to the end.And it's full of humour, too. That of the good kind, which makes You laugh out loud, sometimes.Fact is - this book is a great entertainment!Aree from Isan, the poor Northeast

of Thailand, is sacked from the factory where she earned a poor but honest living for herself and her family, mother, gambling-addicted father, an elder sister and a younger brother. So she goes - like many others before her - to Pattaya to work the dayshift as a waitress in Mr Dwight's bar. And she is not of that kind of girl to be bought out for the night. She dreams of love and marriage. So she follows her friend Fern to the Siam Dreams Marriage Bureau, where yet 50 couples had been successfully formed between Thai girls and Farang men... On the other side of our globe we accompany Peter Slodell through his meaningless living. Peter is the heir of a family of Mayonnaise producers. He lives from the money that comes from his mother's trust fund. Fixed on Chicago bar-nights following the '50 Rules for a Happy Single Live, he is a shopping-addicted (for the mostly unnecessary products of Ueber Uerban) and a mild case of shop-lifter. When Daddy dies, his will is a big surprise for our hero, says it frankly: Marry within about 3 months and set up a Mr and Mrs Slodell bank account or the money goes to Charity! So Peter, with the helping hands of his friend Victor, looks into the possibilities the WWW-market has to offer. And is right away landing at the Siam Dreams Marriage Bureau ... I don't tell You more about the adventures that are waiting for Peter and Aree. Because You have to read this book by Yourself. It's in part hilarious, in part (mildly) sad and paints a very good picture of Pattaya and the Isan - working out in a very fine way the differences and difficulties of the two so diverse, and yet so similar Thailand places. I read this book - as I read before Fast Eddie's Lucky 7 A-Go-Go Chiang Mai situated half crime half-father-and-son road movie, and the poor Expat writing for scheming bargirls in Bangkok The Scribe, with great pleasure. And I bought Young's other books Thailand Joy, Khao San Road, Sukhumvit Road, too. A really different, fresh voice among those who try to sell us far less witty and far away from being so perfectly elaborate stories - and at higher prices, too. David Young is really worth a try for the lovers of Thailand and its people! And - I have been there, too, seen this, done that ...:)

Kurzbeschreibung Peter Slodell has it all: money, looks, a great car, and a cool apartment courtesy of his father's mayonnaise empire. He lives the life of a playboy, rigidly following the 50 rules set down in his Guide To Single Living and adamantly refuses to take part in the family business. To thwart the idleness of his deadbeat son, Peter's dying father leaves a vengeful stipulation in his will stating that the family inheritance will only go to his son after he's married. In a panic, Peter signs up with the Siam Dreams Marriage Agency, planning to stay wed long enough to collect his money, and return to single living. On the other side of the world lives Aree. Aree is a Thai girl who finds herself in desperate straits after being laid off from her factory in the Northeast. Frustrated in her attempts to make an honest living and help her family with financial worries, Aree takes her friends' advice and signs up with Siam Dreams in the hopes of finding a rich foreign husband. From their first meeting over the Net, Peter believes he's found his no-problem girl. Aree, however, turns out to be something entirely unexpected. s: David Young has written six bargirl novels. The first was The Scribe, about a down-on-his-luck expat who pens love letters for scheming bargirls in Bangkok. His latest is "No Problem Girl" set mostly in Pattaya. Just what we need, another bargirl novel, right? But David Young is different from the legion of other expatriate authors. He can write. His characters are sympathetic, the plots are fresh and fast-paced, and the dialogue often hilarious. He is in fine form in "No Problem Girl". (Editor's Pick - The Nation) Kurzbeschreibung Peter Slodell has it all: money, looks, a great car, and a cool apartment courtesy of his father's mayonnaise empire.
