Von Claire Kent : No Regrets (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised No Regrets (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. just great!,Von Simone HaeselerNot much to say, great Story, i had to cry at the beginning, great character and great ending.I would Love to have a Guy like Josh, really great Guy.What i love most was, that they were pretty honest to

each other. I would by it again, def. a Book You read more than once.

Kurzbeschreibung On my last birthday, I made one vow for the year. Live with no regrets. Eleven months have passed, though, and nothing has changed. I still sleep alone, spend my life working, and never move out of my comfort zone. Then the loss of my dog throws my whole life out of orbit, and I end up in bed with a very hot and slightly-too-young veterinarian, who has recently made a vow of his own. Live with no strings. Josh is more than happy to help me with the list of things I've been afraid to try. All of my sexual fantasies. He's a willing partner for everything I've wondered about, as long as I don't demand more. He's serious about his no-strings philosophy. As serious as I am about living with no regrets. I can't help but fall for him, even though I know better. So my biggest regret might be a broken heart.
