Von JoAnn Ross : No Safe Place (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised No Safe Place (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Excellent!Von Detra FitchDue to her interesting upbringing, Chicago homicide detective Kate Delaney pretty much

only sees right and wrong with very little middle ground. When she testifies in the Justice Department's police corruption case, she instantly becomes persona non grata. So it is probably good that Kate gets a call telling her to come to New Orleans. The bad part is WHY. Her twin sister, Tara, is dead. The New Orleans police department is in no rush to investigate Kate's estranged sister's death. NOPD is trying to brush it off as a suicide, but no one really believes that it was. Kate needs an ally. Someone with serious training, who knows the area, and does not mind ignoring the rules. Nick Broussard seems perfect for the job! He has been thrown out of the NOPD for shady reasons, or so they say. Kate soon finds out that this former SEAL is a walking, talking testosterone bomb of a complication! Yet the two team up and find themselves not only against most of the police force, but also the criminal underworld of the sultry southern city.***** Author Joann Ross has done an outstanding job of giving me, the reader, a glimpse of what a rough time New Orleans is still going through since Katrina came and went. Viewing the city through this story, I must say that the New Orleans Police Department has my highest admiration. They are doing a phenomenal job with the resources they have been able to acquire. As for this story, once I began reading, I could not stop. I HAD to know what was going to happen next and I HAD to know NOW! Therefore, I read as fast as I could. The pages slid by so quickly that I could have sworn they were greased. Very memorable and highly recommended. Reviewed by Detra Fitch of Huntress Reviews.

Kurzbeschreibung Chicago homicide detective Kate Delaney fiercely defends victims. Which is why -- despite death threats -- she's testifying to a federal grand jury about local police corruption. It's also why she's infuriated by the New Orleans police department's blas attitude toward her estranged sister's death. But pursuing an investigation in a strange city means allying with someone who knows the territory. And the players. Someone with a total disregard for the rules. As an ex-cop from a police family, New Orleans PI Nick Broussard knows that cops live by their own code. You don't rat out a fellow officer. The last thing he needs is some smart-mouthed, by-the-book outsider unknowingly injecting herself into his undercover search for the truth. Even worse is the way she conjures up visions of tangled sheets.... Nick and Kate's chase pits them against the criminal underworld of the sultry southern city. And as they peel away layers of deadly deception, they discover a dark secret too many are willing to kill to keep. Pressestimmen "A page-turner...a lightning read!" -- Linda Howard, New York Times bestselling author Kurzbeschreibung Chicago homicide detective Kate Delaney fiercely defends victims. Which is why -- despite death threats -- she's testifying to a federal grand jury about local police corruption. It's also why she's infuriated by the New Orleans police department's blas attitude toward her estranged sister's death.
