Tasha is 22 years old and spending her vacation on a island in the Bahamas. That's where she met Diego. He's the hottest guy she's ever met and

she just spent the perfect sexy night with him. But unfortunately he has to leave for work and she is left behind in his cabin. Where she is then being arrested as Diego's accomplice in a drug deal!!!! o.O She has to spend to horrible nights in jail before she's released! Seven years later Tasha is the proud owner of a Pizza restaurant in Razor Bay, Washington. Then one day, her girlfriends Jenny and Harper invite her to a dinner to introduce her to their boyfriends' new-found, long lost half-brother Luc. Turns out Diego wasn't really the drug-dealing criminal she thought he was. He's actually a DEA undercover agent named Luc Bradshaw. But that still doesn't make her forget the two most horrible nights of her life - the two nights she spent in that dark prison cell! Luc tries everything to get back on her good side again - but she's making it extremely hard. There's still this huge sexual attraction between them, but whenever she sees him, Tasha is always reminded of those two days in hell. But she's also being reminded of this one, most perfect night of her life. SO, WHAT WILL SHE DO??? WILL THE TWO OF THEM GET THEIR HEA??? I'm not telling you that of course!! GO READ IT! \_\_\_\_\_ I REALLY ENJOYED THE BOOK! I'm normally not a fan of stories with side-stories in them. We have the main story about Tasha and Luc, but we also have a little side thingy about Tasha's teenage employees Jeremy and Peyton. But I really enjoyed reading about them. Adorable. The whole book was the perfect sexy, romantic funny beach-read!!!! We have this sexy dark mysterious half-Latino government agent: LUC and this strawberry blonde, tough sweet Pizza Place owner: TASHA plus LOTS of other characters we all fall in love with.... Unfortunately you kind of get the feeling that the stories of Luc's brothers have been told by Susan in previous books, but it didn't bother me all that much, and this book doesn't say anything about being part of a series, so it was ok. But if you want to read the books about how Luc's brothers Jake Max found their happy ever afters, you can read the RAZOR BAY SERIES Normally I don't like it when I missed two books - and those are literally the only two Susan books that I haven't read. It would've been nice of the publisher - or Susan - to mention the Razor Bay Series connection somewhere. Why isn't this book #3 of this series??? Very confusing. But you can totally read NO STRINGS ATTACHED without having read the other two books. But I always like having read everything, and that I didn't know there's a connection, just bothered me a tiny little bit :( (BUT - all ^^^ that doesn't change the fact that I really enjoyed reading this book. If you love Susan Andersen books - like I do - you will love this one as well!!!! IT REALLY WAS THE PERFECT SUMMER ROMANCE with lots of romantic sexy funny frustrating and moving scenes!!!

Kurzbeschreibung Some mistakes are worth repeating Tasha Riordan's one night with Luc Bradshaw was the best of her life. The following two when he left her to be thrown into a Bahamian jail on bogus charges were her worst. Now, seven years later, the undercover DEA agent is back. Invading her town. Her restaurant. Her fantasies. She can't trust a man who lied to her. Yet neither can she trust herself not when their chemistry burns even hotter than before. Learning he has two half brothers shocks Luc. Discovering they live in the same town as Tasha that's a different kind of thrill. Their mutual lust is still off the charts, but he can't get her to listen to his side of what happened on that long-ago night. Good thing he's got powers of persuasion that go deeper than words. Because nothing has ever felt this right.
