sizzling romantic adventure! This story features; Noah Kim, a sultry, confident, gorgeous, technology genius who is responsible to keep all the power running at Blue Mountain Base; Captain Laura Bladon, an audacious, fiery-red headed beauty who is in charge of the prison area and the interrogation of the aliens. What you'll find in this story; a cast of remarkable, impressive and engaging characters, spectacular story-line, powerful vivid scene descriptions, phenomenal banter, gut-wrenching moments, gripping suspense, intrigue, action packed, life-threatening incidents, camaraderie, skyrocketing heart-throbbing sensual romance, and a melt your heart conclusion leaving you wanting more. Noah has haunted memories of his life before the alien attacks and letting someone into his heart is not on his agenda. Captain Dragon is a thorn in his side and drives him crazy. Laura lost her husband to be during the alien attacks, and has shackled her heart. With the base on high alert for impending attacks, Noah struggles to protect the convoy that will lead the survivors to safety. INCREDIBLE fast paced well written read by a truly gifted author. Exhilarating scene descriptions keep you glued to the story from beginning to end. The characters are convincing and certainly praise worthy. The romance is steamy and passionate. Noah and Laura's lion-hearted persona make them both valiant heroes. I relished this story and eagerly await the next book in this captivating series. If you treasure thrilling sci-fi fantasy romance, this is an excellent choice for your library. {I was given a copy of this book for a completely honest review}. In the world of fantasy romance the possibilities are endless and always fascinating. Without reservations I highly recommend this book and the series. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Sweet story of the tech-genius the tough interrogator Von Jane Pike So far I read every book in this series and this one is due to the nature of the job of the main character different from the others. Although Noah is fighting the aliens too, he is relying on his brilliant mind. Sometimes you can get the impression that he is more focused on supporting the military base in ensuring that everything is running, but he also creates tools for the ops teams. In this book he excels and becomes a true hero of some other kind. And in order to prevail he has to work with a tough woman he loves to tease. The story has lots of turns and twists and the main character has to leave his comfort zone and do something that he is not used to in order to survive. As always the story unfolds and you learn surprising things about the aliens (at least I was surprised). While you can read the book as a standalone and the author is very good in giving you the details you might have missed in order to get the full meaning behind and without boring readers that already know the story (which I think is challenging), I would recommend to read the books in order. You will like this series when you like sci-fi and romance. 0 von 0 Kunden fanden die folgende Rezension hilfreich. spectacular!! Von D.G. This geek is amazing!! Dragon lady did not stand a chance!! I was thrilled to read their story, always love smart heroes and heroines. Anna Hackett we need more of your stories.. I know I won't be disappointed about how soon I get to lose myself in the rest of the wonderful stuff you're getting together for us. Thank you!

Kurzbeschreibung The battle of survival against the invading aliens heats up...but Hell Squad never quits. Tech genius Noah Kim works day and night to keep the survivors at Blue Mountain Base with lights, power and hot water. He's also working on a top secret project to help keep them safe. He's tired, stressed and under pressure--and one woman adds to it all. An annoying, infuriating redhead he calls Captain Dragon. Captain Laura Bladon lost everything she cared for in the alien invasion: her loving family, her Navy SEAL fianc and her military career. Since then, she's been numb, her feelings encased in ice, and she's dedicated herself to her job as chief interrogator and running the base's prison. But one person can get under her skin in an instant--arrogant, brilliant Noah. He's the one thing that makes her feel--and that makes her very afraid. But as Laura helps Noah on his project, the two are drawn irresistibly together. As they head into the desert with Hell Squad on a mission to a hidden alien outpost, sparks fly and a passionate desire is uncovered. Both are holding onto past hurts, scared to take the risk of loving again...but when the unthinkable happens, it changes everything...and Laura and Noah must find the power to save themselves, their friends and their love. Note to readers: This sci fi romance contains a lot of action (think invading aliens, explosions and dangerous missions), tough warriors (the sexy, battle-hardened soldiers of Hell Squad) and a steamy romance (lots of sexy times between a tech genius and a feisty, redheaded interrogator). So if you like it fast, and gritty, and sexy, this is for you! Includes a preview of Among Galactic Ruins, first book in the Phoenix Adventures. Q A with the Author Q - How would you describe the Hell Squad series? A - Tough, alpha soldiers battling invading aliens. Hell Squad is science fiction romance with a dose of post-apocalyptic grit and a serve of military romance. There is lots of action, adventure and romance. But even in the middle of a fight for survival, the series is focused on hope, friends, family and love. Hell Squad has been one of my bestselling series and I'm thrilled the Hell Squad gang have so many fans. Q - Why did you want to write the series? A - I love action, adventure and romance. And I love science fiction romance and all the endless possibilities. I also wanted to write something that was a little darker and grittier than my more adventure-filled series, the Phoenix Adventures. Then I had this image of a former society party girl wearing fatigues squaring off with a scarred, battle-hardened soldier and Hell Squad was born. I'd intended it to be a single story...but the Hell Squad soldiers had other ideas and literally came to life as I wrote the first book! Q - What order should I read the books in? A - All the Hell Squad books have stand-alone romances in them but the action arc of the invading aliens

grows with each book. Many readers have entered the series with later books and they haven't been lost, but, characters from the early stories do appear in later books and I really think it adds something to the reading experience to read them in order. Here's the order I suggest:- Marcus
