Amazing storyVon AutumnGSo I have to say that I've been missing out on reading Kyra's books. Nobody Knows was AMAZING! The story kicks off right in the middle of the troubles that plague the band as well as the three friends, Jason, Drew and Ellie, which I loved. The three of them grew up together, and of course, some feelings developed along the way.I loved how realistically Kyra dealt with the issues in this story. Also, I loved how Ellie finally found

her balance between the two brothers, which wasn't an easy process at all. Jason is such a wonderful character who has gone through a lot. Drew, oh dear Drew. The boy's carrying some serious weight on his shoulders. The ending, the ending of this story made me sob and giggle at the same time. One of the most difficult things to do, but somehow, it happened. As for the side characters, loved each and every one of them, especially Ellie's sister. Such a wonderful support system. I can't wait to read the next book in the series. Seriously, read this book!!

Kurzbeschreibung It's not easy being friends with rising rock stars - especially when you're the glue that holds them together. Razes Hell has taken off in the charts, and Ellie can't believe her childhood friends, Drew and Jason Brooks, are on TV and drawing crowds after years spent playing in dodgy bars. From obscurity to overnight success, Ellie soon realises life in the public eye isn't all it's cracked up to be as dark secrets become headline news and old conflicts are re-ignited. When a fake feud meant to boost the band's popularity threatens to rip the boys apart for real, Ellie finds herself torn a position which only gets more uncomfortable when her loyalty to Jason collides with her blossoming relationship with Drew. Nobody knows how deep their issues run; nobody but Ellie. With friendship, a music career and a new love on the line, can Ellie keep their tangled pasts from ruining their futures?
