Nobody's Dream is yet another unique experience and exceeded my expectations!!!! WOW!!!! Von CassandraWhere's the "can't give it enough stars as it is so stunning"-category? Really, 5 stars aren't enough! Kally outdid herself once again. If you have already read the other books in the Rescue Me Saga, you know that every book is different, unique and captures you. So it's no surprise that Nobody's Dream is yet another unique experience and exceeded my expectations. As known from the previous books Luke lost his wife while hiking and also Angels father lost his life trying to rescue Maggie. This has been years ago and yet Luke can't shake the guilt. Surprisingly we'll get to know that's not the grief over his dead wife that has him struggling. It kinda seems natural that he tries to help and rescue the abused and abandoned, mostly horses. But ever since that very strange and unbelievable moment in the hospital (after Adam was attacked by a cougar), Cassie is never far from his thoughts. So when an avalanche warning for her pass is out, it's no wonder Luke follows her to make sure she gets home safe. But then it's him getting hit by one and he might join his wife's fate. As much as Cassie hates being around people and only lets Kitty touch her, she's the one that finds Luke and now has to nurse him back to health. A hypothermia and concussion make it necessary that Cassie gets closer than she's comfortable with. She trusts no man, even a passed out shaking Luke has her walls high up and herself on alert. But her caring nature can't let him die in her cabin. So she sheds all cloth and warms him back to life. In those days it's impossible for those two not to get to know each other better. Luke already suspected something going with Cassie before and now only experience more of her carefulness and defenses. But his work with rescued horses wouldn't be as successful if he wouldn't be a very patient man. He's determined to show Cassie she is safe with him and open up to him. Maybe his Dom tendencies will help him? We have heard what happened to Cassie in the cantina in previous books. So it's no wonder that Cassie won't trust anyone again. And that every time they make progress, thoughts of that one faithful night jump up again and it's three steps back. But even in her high-alert state Cassie can't keep her guard up long enough. Will she be able to experience the Ka-thunk moment Kitty told her about? Another accident with Luke suffering another hypothermia and concussion, an early visit from Cassie's brother and a wildfire change their lives and bound them together forever. All those emotions and feelings, the ups and downs, the spirituality and patience, the sensuality and the hope for more - all that is amazingly transported by Kallypso Masters outstanding writing. Yes, it is a very long book. But it's worth every page and hour of reading. You start thinking about faith and spirituality even more. It opens your mind to other religions and beliefs and traditions. You might curse some, but open your mind to others. In the end, it's what makes Luke's and Cassie's story so much more magical. Kally is not just driven to show people spirituality, but also the many facets of BDSM. And also it's way to help overcome tragic events. And just like it's Kally's habit, we get to see a glimpse of the other couples in the saga, most prominent this time are Master Adam and Karla. We already knew that Karla is pregnant. But Kally wouldn't be Kally if she makes it easy for them. After a big OMG, squeal moment, there's also an OMG, no no no, moment. We see a top Marine brought to his knees by new life and his young wife showing him that's able to be strong and guide him. Still, there are issues for them to overcome and I'm already looking forward how their life will change and where it will go. As the Rescue Me Saga family is very close, it's no surprise that they don't hesitate to help out. And this family is just growing and growing. My words won't be able to do this book justice. It can be read as a standalone, but it's recommended to read from the beginning. Because it's definitely worth it and the Saga is one of my fav all time series.

Kurzbeschreibung One broken heart. One battered soul. No one said life would be fair or easy. Quiet, Peruvian-born artist Cassie Lopez learned this the hard way. Betrayed by the man she planned to marry, she shut herself off as far away from all but her closest friend from college... Until the night Luke Denton came crashing into her Colorado mountain sanctuary with a vengeance. Confused by her heart's response to this kind and gentle man, Cassie pushes herself to help the cowboy recover quickly so she can send him on his way. But Luke's patience and understanding threaten to break down the very defenses she needs to survive in this world after he's gone. Search-and-Rescue worker Luke, who lost his wife and unborn child in a tragic accident, also knows firsthand of the unfairness of life. He keeps his own nightmares at bay by focusing on his rescue activities, most recently adopting and working with abused and neglected horses. Can two wounded people find trust and love together? Do nightmares end where dreams come true? SPECIAL NOTE: This book contains a number of chapters that focus on the continuing journey of Adam and Karla Montague. Rather than publish it as a separate short novel, Kallypso Masters chose to incorporate them into Luke and Cassie's story. But it's a bonus for readers who get an enormous book for a much longer Rescue Me Saga visit with some of the couples you love! Kurzbeschreibung One broken heart. One battered soul. Her alpha males are dominant and attracted to strong women who can bring them to their knees. Kally also has brought many readers to their kneeshaving them experience the stories along with her characters in the Rescue Me Saga. Kally knows that Happily Ever After takes maintenance, so her couples dont solve all their problems and disappear at the end of their novel, but will continue to work on real problems in their relationships in later books in the Saga. Kally has been writing full-time since May 2011. She lives in rural Kentucky and has been married almost 32 years to the man who provided her own Happily Ever After. They have two adult children, one adorable grandson, and a rescued dog and cat. Kally enjoys meeting readers.
