Von Kallypso Masters : Nobody's Lost (Rescue Me Saga #5) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Nobody's Lost (Rescue Me Saga #5) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Kallypso did a great job once again!Von Cassandra5 million stars for book 5 in the Rescue Me saga!No matter what I say, I won't be able to do it justice! You really really should read it for yourself, the whole series really!The book might not have been planned, but turned out perfect and fitting into this saga.Kally knows what she writes about when it comes

to BDSM, PTSD and the Marines. A big deal also plays vision quests and purification by Native Americans and their beliefs. If you follow Kally on social media, you know she pays a lot of attention to her researches and get the things straight. So if you want to know what the real deal is, read Kallypso Masters book. After his deployments and leaving the Marines, Ryder is a lost soul, suffering badly from PTSD. He does what he thinks is best for him and hides in the mountains in an abandoned cabin. He hopes his Top, Adam Montague, won't miss him. But Ryder forgot that once a part of the Marine family, you are always a part. You can't fly under the radar for long. So it happens that one night, after another awful nightmare, his former Top calls for help and sends him on a mission. You'll never let your Top down and so Ryder gets on the back of his Harley. A break-in finds Megan a little shaken and as she deals with the police, her stepbrother Adam calls just in time. A coincidence? Who cares...at this point. He told her help and safety is on the way. Not soon after getting together, Megan realizes that Ryder deals with heavy PTSD. Having dealt with it already with her brother Patrick, she tries to offer help, not only now but whenever needed. As they wait for Patrick's return and him taking over Megan's safety, Ryder and Megan start to enjoy each other's company. They have more in common than one would believe. On top of that, the sparks start flying which both try to ignore. Ryder sees himself as damaged goods, but Megan wants him. As things go on, the tables turn and those who send out to rescue, find themselves in need. The story is beautifully written as it's always the case with Kallypso's writing. You're captivated from page one and find yourself feeling connected with the characters. Her heroine is strong despite her age. Her hero is a fallen soul that just needs that one person to find his way back to life. On top of it, Kallypso Masters adds a young woman curious about BDSM and a Dom that got a little rusty. Domination is one piece that gets Ryder back to his old self and so he initiates Megan in the fun and art of this lifestyle - in a responsible way with knowledge (not like other too much talked about books). Kallypso Masters has me fallen for her saga and writing once again and I can't wait to read the next one, Nobody's Dream. PS: While you are at it and if you should be interested in well written BDSM books, look up the mentioned Shadowland books *coughs* Cherise Sinclair *coughs* You won't regret and will find out that the two authors know each other well and have the goal to not only give their readers awesome books but also some real knowledge about the lifestyle.

Kurzbeschreibung NOBODY'S LOST (Rescue Me Saga #5) can be read as a standalone novel and new entry point into the Rescue Me Saga. Ryder Wilson returned from serving multiple deployments, but can't leave the hell of combat behind him. Frustrated and ashamed of his inability to function in the world, unlike the veterans he had served with, Ryder retreated. When sent on a mission to protect the sister of retired Master Sergeant Adam Montague, Ryder's days of hiding out may be over. Can he fulfill his mission without failing again? Megan Gallagher has two big-brother Marines bent on protecting her from the evils of the world, but she's tougher than they think. When her older brother sends Ryder, one of his recon Marines, to her doorstep in the wee hours one night following a break-in, she realizes he needs rescuing more than she does. A friendship forms quickly, but unexpected passions run hot and complicate her resolve never to have a romantic relationship, much less marriage. So why are her body and her heart betraying her every time he comes near? Can these two wounded people lower their defenses long enough to allow love to grow? Her alpha males are dominant and attracted to strong women who can bring them to their knees. Kally also has brought many readers to their knees having them experience the stories along with her characters in the Rescue Me Saga. Kally knows that Happily Ever After takes maintenance, so her couples don't solve all their problems and disappear at the end of their novel, but will continue to work on real problems in their relationships in later books in the Saga. Kally has been writing full-time since May 2011. She lives in rural Kentucky and has been married almost 33 years to the man who provided her own Happily Ever After. They have two adult children, one adorable grandson, and a rescued dog and cat. Kally enjoys meeting readers.
