Von Laura Kaye : North of Need (Hearts of the Anemoi) before purchasing it in order to gage whether or not it would be worth my time, and all praised North of Need (Hearts of the Anemoi):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A too nice and bland heroVon Schenni3.5 starsStory:It's been two years since Megan lost her husband in a car crash on Christmas Eve and she hasn't been the same ever since. But this year a Christmas miracle is waiting for her.Owen, a god of snow and winter came to earth to bring her happiness, but only Megan's love and acceptance can make him humand and keep him grounded to earth.Owen needs the cold to keep his corporal form, but spring winds are coming

their way, sent by the wrath of a fellow spring god and now time is running out for both of them.Quote: "I know what this sounds like, Megan, but I was sent here. For you." He released a deep breath. "A Christmas gift, of sorts." "North of Need" was an okay book for me. While I really liked the idea of a series about gods that represent and influence the seasons, I wasn't completely satisfied with the final outcome.The biggest problem I had with this book was the ungodly amount of sappiness - and not always the good kind. While I can do (and even like) sappy in measured doses "North of Need" was just too much.Quote: "When they were together, her attention and concern made him feel like the center of her universe. He might have been a god, but he'd never before felt so important."I had the same problem with Owen, the book's hero. He was a truly good guy. Hot as sin, sexy, funny, considerate and with a good heart, but to me he was just a bit too perfect. There were no - ZERO - rough edges, it was almost as if he didn't even possess a temper. He was never angry or unreasonable. He didn't do fights or even discussions. Which was why, despite his hotness, he turned out to be a bit of a bland character.Apart from the fact that he loved to play in the snow and eat ice cream - hello, snow god - I couldn't detect much of a personality. He was nice and extremely good-looking, but that's it.Quote: "So, good with languages, shovels and igloos. Anything else?" The smug look he tossed at her was so wicked it shivered right down her spine. Walked right into that one, hadn't she."Megan, on the other hand, was a more believable and likable heroine. She was full of doubts and insecurities, which is no wonder considering what happened to her, but at the same time there was a strength to her that appealed to me. She was a worrier and the fact that she lost her husband left some big scares, but in the end it didn't stop her from going after what she wanted.Quote: "I guess I'm a worrier." Suddenly she froze. "Oh, hell, I've turned into my mother."To sum it up, if you are looking for edgier paranormal romances I would recommend you keep your hands off this book, but if you like your stories sappy, sweet and mostly drama-free - go for it.I'll still go on with the series, though, since the hero of the next books seems to be a bit more hard edged - it's Zephyros, the spring god that caused all those troubles for Owen and Megan.[...]

KurzbeschreibungDesperate to escape agonizing memories of Christmas past, twenty-nine-year-old widow Megan Snow builds a snow family outside the mountain cabin she once shared with her husband, realizing too late that she's recreated the very thing she'll never have. Called to life by Megan's tears, snow god Owen Winters appears unconscious on her doorstep in the midst of a raging blizzard. As she nurses him to health, Owen finds unexpected solace in her company and unimagined pleasure in the warmth of her body, and vows to win her heart for a chance at humanity. Megan is drawn to Owen's mismatched eyes, otherworldly masculinity, and enthusiasm for the littlest things. But this Christmas miracle comes with an expirationbefore the snow melts and the temperature rises, Megan must let go of her widow's grief and learn to trust love again, or she'll lose Owen forever.**Kurzbeschreibung**Desperate to escape agonizing memories of Christmas past, twenty-nine-year-old widow Megan Snow builds a snow family outside the mountain cabin she once shared with her husband, realizing too late that she's recreated the very thing she'll never have.
