Von F.E. Feeley Jr : Objects in the Rearview Mirror (Memoirs of the Human Wraiths Book 2) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Objects in the Rearview Mirror (Memoirs of the Human Wraiths Book 2) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Highly recommended!Von LenaRibkaIt's the second book in the series Memoirs of the Human Wraiths but you can read the

both books as a stand-alone. I've mentioned already that PRN doesn't belong to my regular genre, but it doesn't mean I can't enjoy a good written haunting paranormal book. And here the writing and characterizations grabbed me from the start. I wouldn't identify *Objects in the Rearview Mirror* as exclusively paranormal story. Yes, there are ghosts here and a haunted house is the setting for the book. But it is not the main message of the book IMO. And even if I risk to sink in the melodramatic sentimentality, I'd like to claim that it is in the first place a true love story. "Please don't ever let me go," Jonathan whispered. Eddie wrapped his arms around him and drew him closer. "Never. Hey. Look at me," Eddie said, Jonathan tilted his head up, and Eddie gave him a gentle smile. "Never. I'll always be here." We met the main characters at the time when many books normally end. "The prince married his love and they lived happily ever after." Writer Jonathan David and his husband, clinical psychologist Dr. Eddie Dorman started their new life as a couple in their new house in a small town Clay Center, Kansas. They wanted to enjoy their married country life in a beautiful house with a nice neighbourhood. But things didn't go according to plan. *Objects in the Rearview Mirror* is less a haunting paranormal novel but in the first place a powerfully written psychological drama of child abuse, painful memories, burdensome experiences and how love can help to overcome the horrors of the past and to win the fears. To overcome the ghosts. It was my second book of F.E. Feeley Jr. and I liked it even more than the first book. He has a very smooth and flowing writing style that perfectly matches with me! *Objects in the Rearview Mirror* has also a tragic parallel story that made me very sad, though I was emotionally satisfied at the end. The author did a great job. Highly recommended.

Kurzbeschreibung *Memoirs of the Human Wraiths* Their new home on Frederick Street in Clay Center, Kansas, was supposed to give writer Jonathan David and his husband, clinical psychologist Dr. Eddie Dorman, an opportunity to enjoy married life. Jonathan has just released his first major bestseller, and he hopes to finally escape his traumatic past and find the quiet existence he has always craved. Eddie has taken a job at the Kansas State University psychology department, and they intend to begin anew. They have barely settled in when the nightmare begins. Noises, disembodied voices, and mysterious apparitions make Jonathan's life hell. Part of the house has decided to bare its teeth, show its jagged edges, and bring back the worst of Jonathan's past. At first, Eddie cannot perceive the spectral events and fears for his husband's sanity. When he is also affected by the haunting, he is unsure of what to do but refuses to be beaten. Together, they seek a way to fight the forces trying to tear them apart. The world is a frightening place, but confronting their fears plunges Jonathan and Eddie into absolute horror.
