Von Autumn Grey : Obliterate (Havoc Series Book 2) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Obliterate (Havoc Series Book 2) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A fabulous continuation of the Havoc seriesVon SejlaRemington St. Germain is caught up in an emotional turmoil: should he keep seeing Selene, the woman he is craving for or should he stay away from her?Unable to resist her he decides to convince her to give them a chance, determined not to let the threatening letters ruin their chance for

happiness. Selene knows that her stay in Paris is temporary but she can't help but get attached to Remington and his adorable son Adriene. In Obliterate the relationship between Remington and Selene becomes more intense. There are several scorching hot scenes and their chemistry is amazing! These two connect not only on a physical but also an emotional level. Remington invites Selene to spend some time with him and his son at his chateau in Provence. Due to a family affair he must leave for London, leaving Selene and Adriene behind. This turns out to be a major mistake, because the chateau is soon set on fire by Remington's crazy stalker who doesn't give up on trying to get rid of Selene. One night Selene is attacked and brought to hospital seriously injured. Can the doctors save Selene and who is the dangerous stalker? In order to find out you need to read Mend (the third book of the Havoc series). This is a fabulous continuation of the Havoc series. Well done Autumn Grey! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Second book in a trilogy about a beautiful and inspiring love story - 5 stars Von Selma Despite the threatening letters Remington and Selene decide to both take a chance on each other. Their relationship gets more and more intense. Their feelings for each other outgrow sheer physical attraction and sexual chemistry. Remington tells Selene more about his dead wife and the problems they faced during their marriage. He opens up about his childhood and his problematic relationship with his father. Remington convinces Selene to join him and his son Adrien in Provence for some days, where she meets his two stepbrothers Luc and Dom. They have a great time together enjoying themselves and Selene creating an even stronger bond with little Adrien who loves her fiercely. Because of a family incident, which requires his presence, Remington travels to London leaving Selene and Adrien behind in the chateau. After his departure a fire breaks out at the vineyards destroying most of them. It turns out that the woman threatening Remington is responsible for that. But unfortunately, this was not her only attempt to get rid of Selene. One night Remington finds her in the kitchen unconscious and with a bleeding head wound. He calls the ambulance and gets to the hospital together with Adrien. Both are scared for the well-being of the woman they love. Can the doctors save Selene? Will fate be so cruel to take her away from them? Who is the culprit behind these threats? These questions will be answered in the next book - Mend. Selene is not afraid to show her sexuality and sensibility when she is with Remington. I was happy to read that on the other hand Remington was ready to let Selene in and allow her to see his vulnerable side. Her interactions with Adrien were sweet and touching. This cute little man made my heart melt! I love that Remington tells and shows Selene repeatedly how beautiful and alluring she is to him. He breaks through all the defenses she has ever created around her. Remington is determined to keep Selene safe and convince her to stay with him and his son. This man fights for what he wants! This book is even steamier than the first one! The chemistry between Selene and Remington is off the charts. Seriously, I was fanning myself several times while reading. These two are explosive together! I warmly recommend everyone to read this book, which is a beautiful love story with the right dose of suspense. Congrats Autumn Grey! Don't miss Mend - the conclusion of this trilogy.

Kurzbeschreibung "I knew the moment I gave in to pursuing Selene that trouble would follow me. It always does. I should have resisted." Remington St. Germain is at a crossroads. He can either go after the one person who makes him feel as if he matters the only person to ever calm the demons that roam his mind or forget about her. The latter is not an option, even though there is a chance she might reject him. But, damn it all to hell, he will convince her. He has to. Otherwise, he will be right back where he was before she came into his life. Selene Michaels' stay in Paris is only temporary. She shouldn't get too attached to Remington and his son, Adrien. But, Remington makes her feel alive and reckless, and Adrien makes her loss almost bearable. They complete her. She has a feeling there is more to Remington than a doting single father and her overprotective Prince Charming. Besides, the risk of being with them still looms close by and she will do anything to keep them safe. Sometimes life gives you a second chance. But what happens when danger threatens that chance? Reading order: Havoc (Havoc #1) Obliterate (Havoc 2) Mend (Havoc #3) Kurzbeschreibung "I knew the moment I gave in to pursuing Selene that trouble would follow me. It always does.
