have developed paranormal powers, Lyra Dore made the find of her life when she discovered alien ruins with unusual artifacts. But by law, Cruz Sweetwater's Company Amber Inc. had the right to take everything away from her because of the potential risk involved in dealing with the ruins and objects. Their beginning love affair was nipped in the bud. But then artifacts are stolen, scientists are locked in the dangerous ruins, and others are murdered. Lyra is the only one who can help and she and Cruz are soon in the midst of danger - and very attracted to each other once again...This is - like the rest of the series - entertaining and original. I particularly like the ruins and the alien pets, but the two leading characters and the crime plot were also well done. But as it's part of a series, this novel is not a good starting point. The titles set on Harmony so far are: Charmed; After Dark; Afterglow; Ghost Hunter; Silver Master; Dark Light Titles set on other colonies (and written before the Harmony books) are: Sweet starlight; Crystal Flame; Shield's Lady; Amaryllis; Zinnia; Orchid I would start either with the earlier titles of the Harmony-series or even with the older titles. They're all good in my opinion.

Kurzbeschreibung Three months ago, Lyra Dore suffered a heartbreak and a hostile takeover - both at the hands of the same man. A descendant of her ancestors' fierce rival. Cruz Sweetwater charmed his way into Lyra's heart and gained access to her pet project, an amethyst ruin. Then he took over the project and took off. When Cruz walks back into her life and requests a private meeting, Lyra convinces herself he's there to crawl and beg forgiveness. Wrong again - he just needs her help. With the project he stole from her. Five innocent men are trapped inside a chamber in the amethyst ruin, and Lyra is the only one who can reopen the door. Reluctantly she agrees to help. Then Cruz wants her to apply her talents to the rest of the ruin - because no one else can work it. Lyra and Cruz are both harboring psychic secrets. Unknown - and dangerous - powers pulse within the amethyst ruin, and the closer Lyra gets to them, the more at risk she becomes. And now she must decide whether to trust her guts or her heart...
