nuked by one of his ancestors 1000 years ago. Now Senya is fertilizing it by spilling his blood all over the vast and barren lands, turning it into fertile soil. When Katie goes on a space mission there is nobody to stop him. He overdoes and ends up near dead. That's when he comes to Katie's quarters metaphysically again, just as he had done many years ago on earth. She summons a handful of their trusted people and goes off to find him. Yet bringing him back to the ship is not as easy a task as it would seem because prince Akan is following them right at their tail, willing to kill Senya.

KurzbeschreibungIn Book 3 of the series The Two Moons of Rehnor, Senya and Katie have settled into a somewhat normal life. It does not last long though as Senya is plagued by a strange and debilitating blood condition brought on by the task he has been sent to Rozari to complete. In a moment of weakness, he is captured by his nemesis and uncle, Prince Akan. Commander Katie and the crew of the Starship Discovery fight to save him, eliminating Akan as a threat, and leaving Senyas path to the throne clear. Now Katie must learn to live within the restricted rules of the Rehnorian Court or escape back to the stars for her last chance of freedom. There is other evil in the galaxy though and for their own safety, neither Senya nor Katie may have a choice.
