Crystal L. ShawReviewer: Ingrid Stephanie Jordan#Paranormal #WerewolfShifterI have no clue why, BUT!!OMG! OMG! this is the most miraculously phenomenal book I have read. At first I thought oh this is going to be in my dead file, two girls primping in the mirror and talking like there it. Then they finally head to Starbucks and things get interestingBIG TIME. To say the least I devoured this book. It's definitely a MUST READ. My only regret is it's not long enough.Lizie and Ariana have been together their whole life, they did everything together they went to school, played, worked and they got an apartment together when they finally have enough money they were offered together. There was a treaty in Shadow Falls where they lived, been for like this for 60 years if not more, the Werewolves promised protection to the town, and every year they would offer girls from the age 19 to 21 to the wolves. Because of Lizie's past she was very scared. Most of the time the Wolves took nobody. Ohhh My Gosh you need to read this book to see what happened. I was gifted this ARC for an honest and truthful review.
