I cannot wait to review it.. so here it comes!As the old guy Ghassan died and Rania was free.. free after she thought she had to have sex with those guy to save her family.. The new sheikh Amin...destroyed her plans. he wants her for himself.. sure.. he is 10 years younger... but hey! After lots of revealed secrets... the full bad stuff comes out... and I sooo wanted to strangle ghassan.... her father... her stupid brother.... and would have loooved to hug little Amin. Sooo sweet...And for sure.. there is a great happy end.. and I loooooove how devious Amin takes care of their future.... great!It triggers a lot of emotions... hot scenes.. downright panty melting... sadness... hope... devastation.. fun.... cuteness....You really have to read it and I am soo glad and thankful... that I got this one as an arc.. and don't needed to wait till it came out!Definitely a book which stays on my kindle!
