schon die Vorgänger... Von Popculturst... erstaunlich unterhaltsam. Diesmal auf einer guten alten Artefakte-Jagd und vielen alten bekannten oder unbekanntem Plotpoints die die Crew einholen und somit einen runden Bogen zu den Anfängen der Reihe schließt. Wirklich neues findet sich in punkto erzählweise nicht, aber man fühlt sich nach wie vor an das Schicksal der Truppe gefesselt und genießt die Action und die Spe, was will man(n) mehr. Dalzelle bezeichnet den Band selbst als Ende von Season 1, was durchaus so stehen gelassen werden kann. Nun freue ich mich auf Staffel 2, deren erster Band (also Band 7 der Reihe) bereits erschienen ist, gedulde mich aber noch bis es mehr Bände gibt, bei dem Tempo bei dem ich die hintereinander weglesen könnten sich sonst schmerzhaft Intervalle ergeben ;) (ja, ich rede von Dir, George R.R. Martin) 0 von 0 Kunden fanden die folgende Rezension hilfreich. The Finale of OF Von Ralph von Vignau A very enjoyable (maybe) last of the Omega Force series. Exciting and with some twists and turns. The end is almost too simple and fast but I suppose anything else would have opened the possible continuation of the series. After getting used to Jason befriending / converting every odd ball in the galaxy, he failed miserably in this case. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Another great book by Dalzelle Von NSWAT This is a really fun story about an unwitting character who gets thrown into an adventure that he would not have thought possible. Dalzelle writes a great yarn, with humour and really good ability to keep the reader wanting more

Kurzbeschreibung Captain Jason Burke has begun to suspect that the random attacks on his ship and crew over the last couple of years may not be so random after all. Evidence is mounting that there is something on the Phoenix ... something that powerful factions will stop at nothing to get their hands on. While Omega Force races to find out what is hidden on their ship that is causing so much trouble they also must figure out why such powerful enemies bent on obtaining it. They'll need to rely on old allies, and a few old adversaries, to unravel the mystery that's been hovering over them since they first stole the gunship from the treacherous Deetz so long ago. The crew is used to fighting long odds, but will they be prepared to sacrifice everything to keep the Phoenix's secret from falling into the wrong hands?
