Von Ian Fleming : On Her Majesty's Secret Service: James Bond 007 (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised On Her Majesty's Secret Service: James Bond 007 (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 2 von 2 Kunden fanden die folgende Rezension hilfreich. Doctor Who liest James Bond - ungekrzt!!! Von Wolfgang Karpf David Tennant (der zehnte Doktor aus der britischen TV-Kult-Serie "Dr. Who") liest mit Hingabe und einem groen Talent der Stimmenimitation auf 8 CD's (8 Stunden

Hrgenu!) den ungekrzten James Bond-Roman von Ian Fleming. Die Geschichte um Bond's Suche nach seinem Erzfeind Ernst Stavro Blofeld und seine Entdeckung in der Schweiz, sein Zusammentreffen mit dem Verbrecher Marc-Ange Draco und dessen Tochter Teresa, die Bond in diesem Roman auch heiratet, wird durch Tennant's Gabe, all den Figuren durch stimmliche Nuancen wie Akzent und Stimmlage eigenes Leben einzuhauchen (seine Interpretation von Blofeld's Mitarbeiterin Irma Bunt ist exzellent und ruft stets ein Lcheln beim Hren hervor!) zu einem kurzweiligen und spannenden Hrerlebnis! Das von Tennant gesprochene Englisch ist gut verstndlich und seine Stimme sehr angenehm. Als Bonus gibt es ein Interview mit ihm... Erschienen in der Hrreihe "007 reloaded" und jedem 007- sowie Hrbuchfreund, der sein englisch trainieren mchte, sehr zu empfehlen!1 von 1 Kunden fanden die folgende Rezension hilfreich. BELUGA CAVIAR WITH MINE ...Von matt andrewsThe downside of the massive popularity of James Bond on film is the shadow cast over the extraordinary Ian Fleming source novels. In truth, nothing Fleming wrote - the 13 novels, two books of short tales, a children's book (Chitty Chitty Bang Bang) and two non-fiction journalistic works - falls short of high inspiration. "On Her Majesty's Secret Service", a book written in the glow of the first Bond movie success in 1963, is among Fleming's best. It is poetic, ingeniously plotted, and shows a full-dimensionality of character in Bond that John Grisham or Freddie Forsyth can only drool for. This is the book in which Bond finally falls in love (it came late in the book series), and it shows the maturation of Fleming's style - a style much admired by Raymond Chandler and the poet William Plomer, to name but two stalwarts - and also reveals the cynicism of battle scarring that Fleming personally was suffering in his copyright disputes on the earlier "Thunderball". The novel begins with a description of beachside, late summer, that is as richly evocative as a sonnet, and takes us into an Alpine Christmastime. Here was Fleming's "secret": like Dickens, he had the ability to create ambience so intense that one could taste the soft shell buttered crabs, and feel the cold sand of a winter strand. No recommendation is more heartfelt. So much snobbery pollutes novel reviews, but the driest academic will see the deep wells of Fleming, and the pure thrill of fantasy. Rider Haggard and John Buchan come close, but Fleming is perhaps the best escapist romancer of the twentieth century and "On Her Majesty's Secret Service" (along with "Dr No" and "From Russia With Love") are his masterworks. It is nothing short of criminal that these great romances are no longer available in their elegant Richard Chopping-designed hardcovers, or in well-styled mass paperbacks. They are, in short, the stuff of connoisseurs. Forget the sugary dribble of Kingsley Amis ("Colonel Sun": not bad), John Gardner (better with his originals, like "The Werewolf Trace"), or Raymond Benson. Go for gold.0 von 0 Kunden fanden die folgende Rezension hilfreich. Bond's bestVon Ein KundeWithout a doubt, this is Ian Fleming's masterpiece. A taut thriller with so much color and scope, and a page-turner that will keep you in suspense and fascination until the final chapter. Bond's archenemy, Ernst Stavro Blofeld is the totally sadistic and evil foe as he ever was. Under the guise of Sir Hillary Bray, Bond is in the most danger he's ever been in a Swiss chalet run by his villainous host, and has a love interest this time that makes all the other lovelies he usually beds down (and he does so in this one as well) no competition at all. The alluring, intelligent and grossly appealing Tracy, daughter of the powerful mafiosi Draco. The settings, the chases and the danger that are showcase in this marvelous work of fiction show Ian Fleming at the top of his craft. For this special outing, the Bond thriller is more than just a megalomaniacal madman with delusions of grandeur threatening to upset the balances of power and destroy Our Majesty's great power structure and its people's way of life, but a love story, a portrait of a flesh and blood man named James Bond who is more than just his 007 number. This is a book that only gets better with repeat readings. Ian Fleming has written gold and nobody does it better. Don't pass this one up.

Kurzbeschreibung'He was a man with years of dirty, dangerous memories a spy.'James Bond has had enough. Enough of Service life, of fruitless manhunts, of taking orders. But Blofeld is back older, leaner and more dangerous than ever, with a deadly secret at the heart of his luxury ski resort. Bond must rediscover his passion for what he does best, in Fleming's eleventh 007 novel.PressestimmenBond is what every man would like to be, and what every woman would like to have between her sheets (Raymond Chandler Sunday Times)WerbetextThere is only one Bond.
