**Von Susan Krinard : Once a Wolf** before purchasing it in order to gage whether or not it would be worth my time, and all praised Once a Wolf:

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. I always

want more! Von Deanna Campbell The only problem with Susan Krinard's books is that there are never enough. She comes out with a new book, I read it in two days and then I want another and this is also true with her latest book, *Once A Wolf*. The interactions between the various characters is marvelous from the main characters to rescuing the young girls and the others who live in Tomas' village. I particularly enjoy the descriptions of the "change" and of the wolves running together. You can almost feel yourself running with them and see how beautiful they are. While you know in your head that this is all fantasy, the characters seem so real that you find yourself believing that there are people who can accomplish the change. I would not and do not hesitate to recommend any of Susan Krinard's books to all of my friends. 2 von 2 Kunden fanden die folgende Rezension hilfreich. Lady Werewolf denies her supernatural blood Von natoule Second book of the Forster werewolf trilogy. America, late 19th century: After fleeing England and her brother's machinations, Lady Rowena makes a new life for herself in America and forsakes her werewolf abilities. Shortly before her wedding, she is kidnapped by her groom's worst enemy. It takes her quite some time to realize that the apparent criminal might not be the bad one after all. And in the end, only her werewolf abilities allow her to survive. The writing is top notch, the story interesting and the inner struggle of the heroine against her "unhuman part" quite touching. After all, there is a beast in all of us... I wonder if Book 3 will tell us what becomes of little Esperanza and the MacLean brothers. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Great paranormal romance Von Ein Kunde Unable to heed her brother Braden's orders to marry a fellow werewolf for the good of the Cause (see *TOUCH OF THE WOLF*), Lady Rowena Forster fled England for America. By 1878, Rowena is tutoring young ladies in New York City and engaged to wealthy financier Cole MacLean. However, Cole's enemy Tomas "El Lobo" Randall has other plans for Rowena. While Cole is away on business, Tomas persuades Rowena to head West to save the life of her twin brother Quentin. However, now that the outlaw El Lobo has hidden Cole's fiancée in the middle of New Mexico Territory, he finds himself mesmerized by her. Instead of an aloof society lady, she, like him, is a werewolf allowing her animalistic nature to surge through her heart. As Tomas and Rowena fall in love, Cole follows them because no one steals a possession of his, especially his family's long time enemy. *ONCE A WOLF*, the second tale in Susan Krinard's historical werewolf romantic trilogy, is a wonderful supernatural story. The story line takes loup garou elements and successfully plants them inside a western romance. The lead couple is a warm blooded duo while the support cast provides insight into the era as well as enhancing the paranormal elements. Fans of werewolf romances or western romances will fully enjoy Ms. Krinard's blending of the two sub-genres into an exciting novel. Harriet Klausner

Kurzbeschreibung His love was wild...his soul untamed...his touch forbidden.... From acclaimed author Susan Krinard comes the second novel in a magnificent trilogy of a powerful clan whose sensual legacy is cloaked in secrecy-and a beautiful woman kidnapped by an outlaw whose forbidden embrace could reveal her true identity.... *Once a Wolf* In the unspoiled expanses of the American West, Toms Alejandro Randall was called El Lobo, the desperado and sworn enemy of powerful financier Cole MacLean. Few humans knew his true identity: heir to a wolf bloodline that made him as much an exotic beast as a devastatingly attractive man. It was Toms's plan to lure Cole MacLean's elegant fiancée, Lady Rowena Forster, from her New York mansion to the wild frontier. There he planned to seduce the golden-haired beauty as revenge for the destruction of his family at MacLean's hands. But once she was in his possession, El Lobo found himself unable to resist the call of his own untamed passion-a passion that would claim the beauty for his own. As for Lady Rowena, she desperately hid her own wolf heritage behind an icy, controlled exterior. Yet the famous "Lady Ice" found her inhibitions melting and her true nature emerging in the presence of this handsome desperado. Both knew the danger of their pairing, but their wild hearts would risk everything-even death-for a chance at everlasting love. From the Paperback edition. From Publishers Weekly The second entry in Krinard's most recent historical/werewolf romance trilogy, this novel features a Victorian lady who is compelled to recognize the animal powers that lie beneath her New York high-society manners. Lady Rowena Forster has not changed into her wolf form for years; in fact, she's hoping her upcoming marriage to powerful and wealthy Cole MacLean will keep her "honest." Then, Rowena is kidnapped by another werewolf, Tomas Alejandro Randall, who is seeking revenge against MacLean, and she is forced to look beneath her veneer of civility. What is the right way to deal with one's werewolf nature? Tomas simply accepts that he is a werewolf, and Cole uses his power to manipulate one and all. While Rowena begins to fall for Tomas's gentler side, Cole's minions are busy tracking them throughout the West. Krinard tells her tale powerfully, with strong secondary characters, including Cole's younger brother and a young girl Rowena and Tomas save from a mob of angry villagers. While the story feels a few chapters too long, this paranormal tale will appeal to lovers of both horror and straight historical romance. Rowena's transformation from the Lady of Ice to a Lady of Fire and her union with Tomas makes for fascinating, and erotic, reading. (July) Copyright 2000 Reed Business Information, Inc. Pressestimmen "The reading world would be a happier place if more paranormal romance writers wrote as well as Krinard."--Contra Costa Sunday Times "Susan Krinard was born to write romance."--Amanda
