Von Barbara Bretton : Once Around (Jersey Strong Book 2) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Once Around (Jersey Strong Book 2) (English Edition):

Kurzbeschreibung A USA Today bestseller from award-winning author Barbara Bretton Sometimes a woman has to lose everything she ever wanted before she discovers what she really needs. All Molly Chamberlain had ever wanted was a home of her own. Children to cherish. A man who would love her and be there for her through good times and bad. Ten years into her marriage she is finally pregnant with their first child, living in a beautiful home in Princeton, New Jersey and eager to embrace the wonderful future she'd always dreamed of. But it takes two to build a future and Molly's husband has his own dreams and they don't include Molly or their baby. When she comes home from a routine prenatal doctor's visit one sunny afternoon she discovers that her soon-to-be-ex has stripped the house to the bare walls, emptied their bank accounts and cancelled the credit cards. Molly is left with nothing but broken dreams and a shattered future . . . and a baby on the way. The last time Rafe Garrick had heard a sound like that was years ago on a Montana mountaintop. Sometimes late at night when the hours lay heavy against his mind he could still hear the wolf, hopelessly caught in a trap, keening in terror and pain. The sound of the woman's anguish rang out in the sweet, still air and he followed that sound to a sun-filled room that held more pain than a human heart could bear. She stood near the window, bent over at the waist, arms wrapped tightly around her middle, back curved in a graceful arc. A cascade of vibrant, sun-streaked auburn hair almost brushed the floor as she sobbed. He wanted to reach out and gather her into his arms and hold her while she cried, the same way he had wanted to ease the wolf's pain, but sometimes a man had to turn away or risk being hurt. And he knew in a moment that he would risk anything to spend one night with her. He wanted everything she had to give, including forever. Romantic Times Ms. Bretton expertly weaves together second chances and affairs of the heart to form this delightful book. As always, a wonderful reading experience.--Jill M. Smith Publishers Weekly The sex is steamy, the characters interesting. About the Author Barbara Bretton is the bestselling, award-winning author of over fifty novels. Buy your copy now!
