Von SM Reine : **Once Darkness Falls: An Urban Fantasy Novel (Preternatural Affairs Book 7) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised **Once Darkness Falls: An Urban Fantasy Novel (Preternatural Affairs Book 7) (English Edition)**:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Renos in ruinsVon Gerd DrnerRenos in ruins, and its because somebody messed up in the OPA. Agent Csar Hawke gets flown in to investigate the situation and find a culprit. Unfortunately the trail leads directly back to himself as the most likely of suspects.Ive a feeling I might have said the same about Hotter Than Helltown, but the seventh instalment marks a highlight in the OPA series. A lot of things change drastically for our heroes this time around and Csar gets to meet some old acquaintances of ours, namely Elise, sort of, and everybodys favourite half-succubus Neuma.While it would be helpful to have read at least the OPA series if not any of Saras other work in the same Universe (or at least the aforementioned "Hotter than Helltown") its again not strictly necessary, the uninvited reader will not catch the importance of events on the whole Universe Sara created, but gets enough information to follow the direct events along without feeling lost.Readers who followed the series from the beginning will notice that this ones tying up loose threads, combining elements from the overall stories we had thus far, and furthering elements that lingered around since the beginning, like the effects of Suzumes incarceration in Union custody on her.To keep in tune with my other reviews of the series:Think of it as a season finale that brings some events to a head, and leaves us with new ones to wonder about.Csar keeps being the character I like the least, not only in this series. Hes a lot of the time a grown-up version of a nerdy frat boy a sexist pig with no social life to speak of, in other words. But while he is as annoying as ever his character provides Sara with ample opportunity to crack lots of jokes based off pop-culture references like I can guide us out of the helicopter by touch. Grab the back of my jacket and dont let go, Fritz said. Ill never let go, Jack, I said. Hey, I warned you my sense of humor gets stupid when Im stressed.This ones a favoured by the way because it exemplifies another trait about Csar which I love the way Sara pokes fun at, which is his latent homophobia while never failing to make faintly inappropriate jokes toward Fritz and their kopis/aspis relationship.Csars got to be the most insecure about his sexuality character I ever encountered in Urban Fantasy, and its such a relief to encounter a sort of dorky, way less than alpha hero in that genre that Im almost willing to forgive him his other short comings almost.In short, its a quick-paced, highly entertaining addition to the OPA Series, which I can warmly recommend to readers that don't mind a bit of sexism and share a love for nerdy jokes.

KurzbeschreibungThe worst case scenario has happened: Reno NV has fallen to demons. Someone at the Office of Preternatural Affairs screwed up.As the lead of a secret internal investigations team, Agent Cesar Hawke needs to discover who is responsible. And then he needs to kill them.Author's note: This book takes place between the events of books 5 and 6 of The Descent Series, Dire Blood and Defying Fate.KurzbeschreibungThe worst case scenario has happened: Reno NV has fallen to demons.
