Von Richard Phillips : Once Dead (The Rho Agenda Inception Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Once Dead (The Rho Agenda Inception Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen4 von 4 Kunden fanden die folgende Rezension hilfreich. intelligent und spannendVon Kindle CustomerDie Story erinnert an James Bond Filme. Der Held Jack hat aber ansonsten keine Gemeinsamkeiten mit 007. Besessen und in Gefahr die menschliche Kontrolle ber sich zu verlieren, fhrt er zunchst einen einsamen Kampf. NSA black OPS Agentin Jane wird seine Partnerin im atemlosen Rennen gegen

die Zeit und Verräter aus den eigenen Reihen. Phillips hat den Bogen raus, wie man einen spannenden und intelligenten Sci-Fi-Krimi schreibt. Hab mir gleich die Fortsetzung besorgt. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Action Von NiceCat There is something which develops through all three books. Each book has its own story, but you really should read them in order. The stories in the books are really different, not as in many series, where each book is the same again. (Which sometimes is what you like) The protagonist(s) is (are) working for the NSA (USA), at least... kind of. The main story in each book is always towards something big and interesting. There is a lot of action. And the action is good to read. The rest is good to read too. This is not a "have to" read, but I read all three books in one go. 1 von 2 Kunden fanden die folgende Rezension hilfreich. Great Book - could not put it down Von TJI like spy and action novels and this one was definitely its money worth. Only the ending is a little bit too American hero like. But who doesn't like a Hollywood ending. :-)

From bestselling author Richard Phillips comes a globe-spanning sci-fi thriller series with a twist ... culminating in the cataclysmic events that set the stage for The Rho Agenda.
