FischerIch bin ein absoluter Fan von Kim Harisson seit ich die Rachel Morgan Bcher gelesen habe, sowohl die dt. bersetzungen als auch die englischen Originale.Die Madison Avery-Serie ist wirklich gute Unterhaltungslektre, daran ist nichts zu rtteln und ich habe auch gerne alle drei bisher erschienen Bnde gelesen! Der Leser wird in eine sehr realittsnahe Welt entfhrt, mit einer gut definierten Hauptperson. Die Charaktere sind alle, mehr oder weniger, Teenager, weswegen die sich

entwickelnde Lovestory irgendwie platt wirkt, generell nehme ich Madison ihre Verliebtheit nicht ab. Nichtsdestotrotz handelt es sich um eine gut durchdachte Geschichte und ich hoffe das es noch viele weitere Bnde geben wird in der Madison dann reifer wird und ihre neue Rolle anders auszufüllen wei.0 von 0 Kunden fanden die folgende Rezension hilfreich. Courtesy of Teens Read TooVon TeensReadTooMadison's dead. Well, sort of.See, there was this dark reaper who scythed her, for reasons she still hasn't figured out, and technically she should be long gone. But when he came back to destroy her soul as well as her body, she was able to steal an amulet from him that's allowed her to keep walking around and breathing (even though she doesn't really need to), and appearing alive to anyone who doesn't know any better.Unfortunately, the owner of that amulet wants it back - badly. And the light reaper assigned to help Madison adjust to her new pseudo-life may not be able to protect her from him.As Madison struggles to hold onto her life and to save those she cares about who end up targeted as well, she discovers there's a whole lot about this life and death thing she doesn't know, and uncovering those secrets may be the only way she can hope to survive.ONCE DEAD, TWICE SHY is a fast-paced and engaging read from start to finish. Madison makes an enjoyable narrator, stubborn and sarcastic but with a lot of heart, and enough smarts to get her through some very sticky situations. Harrison has created a fascinating and unique world of reapers and other afterlife figures, though at times readers may find all the information a little hard to follow.With plenty of suspense and humor and a little romance, this book will appeal to paranormal fans of all ages.Reviewed by: Lynn Crow7 von 9 Kunden fanden die folgende Rezension hilfreich. Ein schnelles Vergngen - A nice, fast readVon Nicolai WolfInhalt:Madison Avery ist ein Mdchen, geht zur Schule, hat einen Vater und ist tot - gettet von einem dunklen Reaper, der sie nun verfolgt. Aber warum? Madison riss dem Reaper den Stein vom Leid, der ihr einen Krper gibt. Doch der dunkle Reaper will ihn zurck. Ein Wettlauf mit der Zeit beginnt. Doch Madison ist nicht allein - da sind ja noch die guten Reaper und Timekeeper und Schutzengel...Plot:Madison is a girl, she goes to school, has a father and she's dead - killed by a dark reaper, who pursuits her. But why? Madison ripped off the Reapers stone, which gives Madison a projection of her body. Still the dark reaper wants his stone back. A race against time stars. Still Madison is not alone - there're the light reapers (good guys, or not..), the timekeepers and guardian-angels...Rezension:Ich mchte gar nicht lange um den heien Brei reden. Das Buch ist klasse geschrieben, mit Witz und, vor allem, ist es im Jugendslang geschrieben, was die Jugendlichen und Jung-erwachsenen natrlich besonders anspricht. Die Geschichte ist ebenfalls gut durchdacht, auch wenn sie ruhig etwas lnger htte sein knnen. Nichts desto trotz hat Kim Harrison eine gute Geschichte da hingelegt, die sich meines Erachtens gut fr Leute eignet, die nicht soooo gut in Englisch sind oder, als Nebenlektre, fr Schler bis zur 8ten Klasse. Das sollte kein Problem sein und zusatzlich lernt man da auch noch etwas bei (man erweitert den Wortschatz enorm.)Review:I don't want to talk as long as I can. This book is great, written with much fun, and, very important for children and young adults, it's written in the todays-slang. The story is well thought-out, if the story could be a bit longer then 220 pages. However it doesn't care, Kim Harrsion has written a brilliant story.Fazit:Ein schne, flotte Geschichte, an der man sich nicht lange aufhalten muss und die viele Hhepunkte aber auch Tiefpunkte hat und uns zeigt, wie schn das Leben doch sein kann.Result:A nice, quick read, one's doesn't have to spend much time and which has many tops but also lows. It shows us, how beautiful life could be, if we make use of it.

KurzbeschreibungMy name is Madison Avery, and I'm here to tell you that there's more out there than you can see, hear, or touch. Because I'm there. Seeing it. Touching it. Living it. Madison's prom was killerliterally. For some reason she's been targeted by a dark reaperyeah, that kind of reaperintent on getting rid of her, body and soul. But before the reaper could finish the job, Madison was able to snag his strange, glowing amulet and get away. Now she's stuck on Earthdead but not gone. Somehow the amulet gives her the illusion of a body, allowing her to toe the line between life and death. She still doesn't know why the dark reaper is after her, but she's not about to just sit around and let fate take its course. With a little ingenuity, some light-bending, and the help of a light reaper (one of the good guys! Maybe . . .), her cute crush, and oh yeah, her guardian angel, Madison's ready to take control of her own destiny once and for all, before it takes control of her. Well, if she believed in that stuff. PressestimmenAn amusing and entertaining jaunt of an urban fantasy. (Voice of Youth Advocates (VOYA))Harrison injects her young adult debut with style and originality. Rocking good fun, packed full of twists and turns. (Kelley Armstrong, New York Times bestselling author of The Summoning)Abounds with originality and introduces us to rich charactersis sure to introduce [Harrison] to a whole new generation of readers. (Arkansas Democrat-Gazette)With a Kim Harrison novel, I expect action, humour, worldbuilding, strong female characters, true friendships, and a bit of realistic romance. I found it all right here.
