I stayed up late reading these four tales late into the night, making me very tired for my classes the next day. I would recommend this book to anyone, who like I, has never outgrown fairy tales and still dreams that a world of castles, princes, and those magical words "they lived happily ever after" exists. 1 von 1 Kunden fanden die folgende Rezension hilfreich. DULL, DULL, DULL. Von Ein Kunde Read it. Forgot it. . . except for the fact I see it everywhere and I just love the title. I really wanted to read some good stories with fantasy medieval themes. This was not it. I so vaguely remember the one by Marianne Willman (it was fun). Do yourself a favor and AVOID THIS BOOK.
