The love story is a bit unusual for me but very engaging. The book is about London Reeves and Liam Harper, and about London Reeves and her four best friends. And about London Reeves and the voices in her head, which were really funny. When her dad died, London vowed to never let another human being close to her heart again. Except for her friends. She realizes soon that Liam Harper does not intend to say the wrong thing ever, and her defenses begin to slip away. Scared to hell of letting him in, she keeps pushing him away until it all blows in her face. When something goes terribly wrong at her job and she ends up getting fired, that's when she begins to realize just how much damage she's done. I would've liked a bit more background for the others because I felt like I didn't enough. Good thing each gets a story. It was a fast and funny read, well into the happy ending. 0 von 0 Kunden fanden die folgende Rezension hilfreich. 5 Star's Von dardan Cool lovable characters I normally like strong characters who will slap you in the face and not cower back, but this one was pretty cool. It's a story half about love and half about friendship. It was engaging and I loved the many characters. London, the main character, got to grow during the book and it was good. I was a bit jealous about her friends lol. They're the coolest bunch and plain crazy, just like I like em. Can't wait to get to Eden cuz she seemed the most interesting

Kurzbeschreibung Have you ever tried not liking a guy when your best friends decide you should like him? How about if that guy had the sexiest ass on the planet, and was your birthday-cake one-night-stand with icing on top? London Reeves agrees that three years is a long time to live without sex, but she also believes that one steamy hot night could never last longer than the morning after. Unfortunately, her four lunatic best friends disagree on that last one. The voices in her head disagree, too, and even her mother seems to think she's crazy. And sexyass will not take a goddamn no for an answer. One little dare leads to another, and before she knows it, London finds herself on stage with nothing but sparkly underwear on, and in a strip club, getting the lap dance of her life. Now what exactly is a girl to do against that? Kurzbeschreibung Have you ever tried not liking a guy when your best friends decide you should like him?
