Von Jill Gregory, Nora Roberts, Ruth Ryan Langan, Marianne Willman : Once Upon a Star (Once Upon Series, The) before purchasing it in order to gage whether or not it would be worth my time, and all praised Once Upon a Star (Once Upon Series, The):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. It's MagicalVon BrendaHaving read ONCE UPON A CASTLE, I couldn't wait to read ONCE UPON A STAR. I can honestly say, each author has her own magic and each story has it's own enchanting gift of entertainment.Ever After by Nora Roberts You know Nora Roberts; she's yet to write one that isn't a winner. The woman can paint a picture with her words--it's amazing! Allena buys a magical necklace and finds herself on a magical trip. When Conal meets Allena, he realizes his fight with the past is going to be even more difficult than he ever imagined. A fanciful, entertaining read.Catch A Falling Star by Jill Gregory Jill Gregory's historical short story is light on magic and heavy

on romance. I love historical reads and found this one enjoyable. Princess Lianna is being forced into a marriage with Ambrose the Barbarian. She hates the thought of being married to a barbarian and resents that he will not let her use her special gift. While Ambrose fights for the right to keep his inherited property, Lianna finds her self fighting for the right to keep her heart. They will teach you a lesson in love and loyalty. The Curse of Castle Clough by Ruth Ryan Langan A ghostly read. This is one of two that I enjoyed the most. Warming up to the characters (especially Jamie) was no problem at all! When dropped off at her next assignment, the driver warns Estelle that the castle is cursed. Her job is to estimate and sell some family antiques for Lord Cameron, who is being forced to liquidate his precious family heirlooms. A delightful read! Starry, Starry Night by Marianne Willman This is the second of the two that I enjoyed the most. It's a Time Travel that will captivate you, and a romance that will move you. After coming to Cornwall, Lily finds her self lost and in danger. A stranger appears to save her, yet disappears again. Rees finds himself haunted by the site of a woman in a white dress, and each time he reaches for her, she disappears. A wonderful experience of love reaching through time. A great read. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Once Upon A Star Von Shawna Lanne This collection of short stories is a sequel of sorts to last years short story collection, Once Upon a Castle, and unlike most story collections there is not a stinker story in it. These are imaginative short romances that feature a star as an important part of the story line and a fantasy element to each of the short romances. 0 von 0 Kunden fanden die folgende Rezension hilfreich. These imaginative short romances feature a star as an important part of the story line and a fantasy element to each of the short romances.

Kurzbeschreibung#1 New York Times bestselling author Nora Roberts presents four illuminating stories of romance, passion, and magic... In Nora Roberts's "Ever After," an ancient star pendant sends an enchanting woman to an otherworldly land where she introduces a skeptical stranger to the magical powers of love. In Jill Gregory's "Catch a Falling Star," a young woman forced to marry a barbarian invokes an ancient spell as an unexpected passion consumes her heart. In Ruth Ryan Langan's "The Curse of Castle Clough," a beautiful professor uncovers a shocking series of secrets while appraising the contents of a haunted castle and falls in love with a desperate lord who's fighting to save everything he holds dear. In Marianne Willman's "Starry, Starry Night," a lovely lady is drawn into the tragedies of the past and finds that true love always stands the test of time. From the Paperback edition. de From the same authors who brought you Once upon a Castle comes Once upon a Star, a welcome addition to romance anthologies. Not only are the four tales extraordinary (linked together with the common thread of magic), each contains an element of enchantment. In Nora Roberts's "Ever After," the gift of an ancient pendant belonging to a fairy changes two lives forever. Jill Gregory's "Catch a Falling Star" finds a princess forced into a political marriage with a wife-murdering barbarian, while Ruth Ryan Langan's "The Curse of Castle Clough" offers a ghost who helps save a castle from the auction block and its owner from a life without love. Finally, a burned-out American tourist travels back in time to be rescued by--and to rescue--a handsome sailing captain in "Starry, Starry Night" by Marianne Willman. Sit back, put your feet up, and travel to distant times and places with four of romantic fiction's best authors. --Alison Trinkle.com From the same authors who brought you Once upon a Castle comes Once upon a Star, a welcome addition to romance anthologies.
