Von Julie LeMense : Once Upon a Wager (Once Upon Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Once Upon a Wager (Once Upon Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 1 Kunden fanden die folgende Rezension hilfreich. Once upon... a winner!Von BooksBuecherA beautifully written regency romance with highly memorable characters, from

the admirably strong hero and heroine to the refreshingly modern Aunt Sophie and the the Dickensian rogue, Damien Digby. I savoured it to the end, the plot twisting in all the right places and the witty, elegant prose carrying me along on a wave of reading pleasure. A wonderful debut from Ms LeMense that you should not miss!

Kurzbeschreibung When Lord Alec Carstairs returns from the Peninsular Wars, hailed as a hero in the midst of the London Season, only Annabelle Layton knows the sort of man that he really is, that the honor everyone praises is illusory. Theyd been close friends once, before a passionate kiss changed everything. But if shed secretly loved him, those feelings had died one bright summer morning, when a reckless wager left Annabelle with terrifying injuries. Alec had abandoned her without a backwards glance. Hardly the actions of a hero. But Alec has never forgotten her, despite his vow to stay away. There is more to that long-ago day than Annabelle knows, and shocking lies have distorted the past. Can he uncover its painful truths, and still keep his distance from the stunning beauty? Can he deny his forbidden desire, even as it flares again between them, hotter than ever? Sensuality Level:
