**Von Sharon Kendrick : One Bridegroom Required! (Mills Boon Vintage 90s Modern)** before purchasing it in order to gage whether or not it would be worth my time, and all praised One Bridegroom Required! (Mills Boon Vintage 90s Modern):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. One of the best love stories I have ever read.Von Ein KundeHolly Lovelace wants what all women want - independence and

fulfillment. The author sets the story in a wedding dress shop. Luke Goodwin, her landlord can't resist his feelings towards her, however hard he tries, even though she is everything he hates in a woman. The author combines an heirloom wedding dress, her own fractured history and her own wishes for a stable and loving relationship to create a blistering story. The wedding dress is the foundation of this trilogy and provides the story for three very different heroines. In this first part of the trilogy, any woman who has had a relationship with a man who is emotionally sealed-up will recognise the agonising struggle Holly has in helping him overcome his prejudices against women, and herself in particular. I can't wait for the next two - please bring them out soon.
