Von Mickee Madden : One Bright Star (Katiah Trilogy Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised One Bright Star (Katiah Trilogy Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Good basic plot, really strange development.Von Ein KundeThe concept of this book is intreeging (sorry for the incorrect

spelling!). Little known, little loved women kidnapped to become the mothers of a new race. "What would I have done in that situation?" is a question that begs to be asked, but most of us probably would not have reacted like the female supporting characters did. Sure, abused idealists might (no offense intended to anyone who reads this), but a lot of us would react more akin to how Brehan did. Throw in the mysterious, protective Di'me, and the plot grows richer. What with her ambition to take control over the universe from Erth's family, and then destroy humankind (assuming that is what the excerpt at the front of the book meant), things become that much more exciting. What becomes so strange about this extra spiritual (in every sense of the word) baggage, is that so many people know that there is something strange in the way Brehan looks and acts when she is angry or scared, and the info never gets to Erth! What I mean is, first, Brehan's friends keep insisting that her eyes change color. If they are so sure, why not present the information to someone who might know something about it, like a doctor. Secondly, these color-changes keep coinciding with Brehan's blackouts, and Di'me's risings. If I were Brehan, I would be worried enough about the blackouts, and to know that my eyes appear to change color each time I do, would be enough for me to seek help if I had not already done so. Plus, toward the end, when the medic found the two spirits inside Brehan, he didn't tell his subject, when it was pretty clear she didn't know about it herself, the way she spoke about a noisy conscience. More later if I can get back to it.0 von 0 Kunden fanden die folgende Rezension hilfreich. Loved the book and am eagerly waiting for the sequel.Von Ein KundeI loved the book and can't wait until the sequel comes out. My biggest problem was that the synopsis on the back didn't match the book content. In the copy I have, there is no mention of a boyfriend and the job that was vaguely mentioned was that of a singer. Am I missing a chapter? I feel like the front part of the book was chopped and I missed a lot. Maybe some background on the orphanage and her friends, Joy and Lisa and the evil Mrs. Pitts would help (or is that explained more in the sequels?) Other than that, I love the combination of romance (iffy in this case) and sci-fi. Keep up the good work!0 von 0 Kunden fanden die folgende Rezension hilfreich. strange, yet interestingVon CustomerOK, the back totally doesn't match the story. what boyfriend, what journalism career? Did someone read another book then write the blurb for this one mistakenly. Besides that, its hard for me to empathize with the character when I don't know if she's a split personality, has an alien being within her, or what. I know this will probably come out in the sequel/s, but for now I'm just confused. Otherwise, I like the unique plot and the way Brehan doesn't just give in when she feels lust in her bones.

KurzbeschreibungBrehan Tucker's hunger for freedom and identity ignites when she and other women are abducted from Earth by a godlike being, as breeding stock to a dying alien race. Determined to return to her world, she uses wits and cunning to sabotage her abductor's authority and win the loyalty of his crew. But fate has other plans for her.Erth is the unfortunate incarcerator. A being whose immeasurable power is confined within a humanoid shell, his laws are unchangeable, his command unquestionable, his will undeniable. But fate has other plans for him as well.KurzbeschreibungBrehan Tucker's hunger for freedom and identity ignites when she and other women are abducted from Earth by a godlike being, as breeding stock to a dying alien race. But fate has other plans for him as well.Synopsis LOVE WAS NEVER PART OF THE AGENDA, BUT IN THE END, IT WOULD PROVE TO BE THEIR ONLY SALVATION. BREHAN TUCKER spends the first eighteen years of her life fighting poverty and abuse in an orphanage in Maine, then six years struggling to make a relatively simple life for herself and two other young women from the orphanage. But one stormy night, a roadside assassination attempt and a plummet from a cliff, sets her life on a course among the stars. Her hunger for freedom and identity ignites anew when she and the other women are stolen from Earth by a godlike being, as breeding stock to an alien race. With every intention of returning to her world, she uses her wits and cunning to sabotage his authority and win the loyalty of his crew. But fate has other plans for this fiery woman. EARTH is the unfortunate incarcerator. A being whose immeasurable power is confined within a humanoid shell, he doesn't expect this last journey to Earth to be any different than the previous twenty three. A Guardian, a Katian, his laws are unchangeable, his command, unquestionable, his will, undeniable. Until confronted with Brehan, he has but two goals: to produce a son, who is to replace him as supervisor on the re development of the new Syre race, and to return to Haveth where his own kind await him. But fate has other plans for him as well.
