**Von Candace Bushnell : One Fifth Avenue (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised One Fifth Avenue (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Super Gute-Laune-Buch mit schn klischeehaften FigurenVon Charlotte S.Das Buch handelt von mehren Personen, die alle "reich und schn" sein und in DEM Haus schlechthin wohnen wollen "One Fifth Avenue". Natrlich stehen die Personen

alle miteinander irgendwie in Beziehung und es kommt zu lustigen Verwicklungen. Ich muss sagen, ich habe mich am Anfang etwas schwer getan und hatte nach den ersten paar Seiten fast aufgehört. Aber dann konnte ich das Buch nicht mehr weglegen! Natürlich wird die New Yorker High Society sehr klischeehaft beschrieben, aber das macht das Buch gerade so lustig! Candace Bushnell bedient alle Stereotypen und doch kann man sich gut in die Personen reinversetzen. Es ist einfach spritzig geschrieben und hat mir richtig viel Spa gemacht! 1 von 1 Kunden fanden die folgende Rezension hilfreich. GoodVon ChelseaNot used to reading books in this genre but it was entertaining enough for what it is and served its purpose as a light read before bedtime. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Sex and the City II von Sandra BullockEin nettes kurzweiliges Buch, ohne literarischen Anspruch. Dafür aber nett mit viel Witz, Humor und "aus dem Leben" kommenden Situationen. Leider etwas kleines Schriftdesign, aber das wird vom Inhalt wieder wett gemacht.

KurzbeschreibungOne Fifth Avenue, the Art Deco beauty towering over Manhattan's hippest neighbourhood, is a one-of-a-kind address, the sort of building you have to earn your way into - one way or another. For the women in Candace Bushnell's stellar new novel, One Fifth Avenue is at the heart of the lives they've carefully established, or hope to establish. There is Schiffer Diamond, a forty-something actress busily proving that women of style are truly ageless. There is spoiled, self-assured Lola, who is determined to launch herself into society and the arms of the right man by clawing a way into the building. Annalisa is the wife of a hedge fund manager and reluctant socialite, while bitter Mindy is married to an under-published writer and has been the family breadwinner for too long. And then there is Enid, the glamorous grande dame and gossip columnist, who has lived at One Fifth Avenue for decades, and sees everything there is to see from her penthouse view . . . From Publishers WeeklySex in the City goes middle-aged, mordant and slapstick in Bushnell's chronicle of writers, actors and Wall Street whizzes clashing at One Fifth Avenue, a Greenwich Village art deco jewel crammed with regal rich, tarty upstarts and misguided lovers. When a Queen of Society dies, a vicious scramble for her penthouse apartment ensues, and it's attorney Annalisa and her hedge-funder husband, Paul Rice, who land the palatial pad, roiling the building's rivalries. There's Billy Litchfield, an art dealer who slobbers over the wealthy; strivers Mindy and James Gooch, and their tech-savvy 13-year-old Sam, the most hilariously bitter (and strangely successful) family in the building; gossip columnist Enid Merle and her screenwriter nephew, Philip Oakland, who struggle to uphold traditions and their souls; actress Schiffer Diamond, who lands a hit TV series, and her old love; and Lola Fabrikant, a cunning Atlanta gold digger whose greatest ambition is to become Carrie Bradshaw. Here are bloggers and bullies, misfits and misanthropes, dear hearts and black-hearts, dogfights and catty squalls spun into a darkly humorous chick-lit saga. (Sept.) Its observations about money, the Internet, the function of art in society as well as sex romps, social climbing and snobbery enhance Bushnell's reputation as an astute observer of modern life....Carrie Bradshaw wannabes as well as women (and men) near Bushnell's age -- she turns 50 this year -- will be pulled into this refreshing and highly entertaining novel about the power of money, sex and celebrity."USA TODAY"Bushnell...broadens her scope in her latest ode to New York strivers and sophisticates...The fun lies in the author's acute observations about everything from real estate envy to midlife crises."More"Where [Bushnell] goes, her army of stilletoed fans follow. You gotta love it: the conflict, the secrets-telling, the peek into the world of the rich and valueless. It all adds up to a juicy summer read."New York Post"One Fifth Avenue is all things an escapist read she be: quick and wicked and wry. There's a blown-out bitch to root against, a star-crossed couple to root for, and a Tim Gunn-style best friend who deserves his own book. Great, guiltless fun."Entertainment Weekly
