Von Chrissy What's better than to curl up on a rainy, cold autumn day with smoking hot story that will warm you up? Kira proved again she has a knack for that and I adore her erotic writing.. She wrote a sexy werewolf story, adding some wolve quirks which made me laugh. Rachel is a sassy fun character and I love her bantering with

the guys, especially with Mike in the beginning. Plus it is refreshing to read about a confident woman who likes sex and isn't ashamed of doing what (or whom?) she wants without beating herself up about it. The guys are hot and each one comes across with a different character which isn't easy accomplish in a short story without going into lengthy character descriptions. Their actions speak. My only complaint: Just one night with the pack was too short ;) Although I wouldn't be opposed to see more of just Mike and Rachel as well. 0 von 0 Kunden fanden die folgende Rezension hilfreich.
